

MCS

ENGINEERING

16 years of dedicated service to the aerospace, production and agribusiness, manufacturing high precision and geometry complex tools and pieces has allowed us to earn our reputation for quality, service and innovation.

Our commitment to excellence in quality control was further demonstrated as MCS Engineering was registered for ISO 9001:2015. Now we are in the process to obtain AS9100 certification.

We are committed to treating the environment with respect and responsibility. The health of employees is valuable and has the highest priority. Therefore, occupational health and safety are an integral part of our mission, vision and values.

Main office

- 1609 W McNab Rd Warehouse N°5, Pompano Beach, 33069

MAINTENANCE 360°:

We understand and accompany every tool throughout its life cycle, meet evolving standards, and maximize your investments.

- Technical support
- Repair
- Full refurbishment
- Spare parts

DESIGN:

- CSoftwares CAD / CAM
- Development
 - Industrial products
 - Commercial products
- Fixtures for
 - Inspection
 - Rectification
 - Welding

QUALITY CONTROL:

- Portable articulated arm CMM.
- Certified quality inspectors
- Certified metrology inspectors

CAPABILITIES:

- CNC Machining centers 3, 4, 5 axis
 - CNC Lathes
 - CNC Laser cutting machines
 - Laser Marking machine
 - TIG welding machines
-

SURFACE TREATMENTS:

- Anodizing
- Black oxide
- Zinc Plating
- Galvanizing
- Special coatings

HEAT TREATMENTS:

- Quenching - Tempering
- Nitriding
- Case hardening
- Annealing
