

EVENT SUPPORT OPPORTUNITIES

Our mission is to develop youth leaders who will take back and rebuild our communities and end the cycle of violence in Chicago. Our key initiatives are designed to empower our participants, foster leadership skills, and improve our communities impacted by gun violence. The funds raised at the Gala will be used for additional learning activities, college and career exploration, additional curriculum development, scholarship disbursements, new service projects, more development workshops, mentor training, and impact measurement. By supporting the Gala, you will become a partner in our mission to make an impact on the lives of the most vulnerable and invest in community improvement. You will also increase brand awareness and showcase your commitment to giving back. The Gala brings together 300 of Chicago's finest including socially responsible residents, community and business leaders, educators, influencers, and diverse consumers. The Gala will reach over 10,000 people via social media, local media, our website, and email campaigns.
