

# Outgrowing or need to replace QuickBooks

## Congratulations, we have the perfect solution for your company. Consider integraERP.

We offer Cloud or on premise versions with either subscription or traditional licensing options. Flexible reporting, dashboards, BI, scheduling and accurate inventory are just a few things that make integraERP better than Quickbooks. Contact MicroMeans and let us help you grow your business.

- Software should help your company grow, not hold you back.

### Do a 'Day's work in Day'

Don't spend extra time or weekends just to keep up with routine processes. Ordering, receiving, cycle counting, etc. is a snap with our integraERP solution.

### Key Pillars

- Sell More – includes sales mobility app and ecommerce solutions
- Lower Costs – get the right information when you need it
- Improve Customer Satisfaction – accurate inventory leads to higher fill rates
- Reduce Errors – flexible security, default values, and on-line help
- Get Paid Faster – build user dynamic views to simplify tasks, collections
