

DECORATIVE BARS AND RAILS

Four sizes of decorative bars create bold metallic borders for your signs. Formats of top and bottom or left side, right side are available. One can use equal size bars or mix two or more different sizes. All four sizes can be made into a complete four-sided frame.

2", 1 1/2", 1" and 5/8" profiles are polished and anodized from premium aluminum for rich metallic finishes.

Acrylic lenses are laser cut and snap into frames over paper graphics.

DECORATIVE RAILS

Two Decorative Rail profiles are polished and anodized from premium aluminum for rich metallic finishes.
