

# **Southern Maryland Car Shows and Car Clubs**

**The Publisher's 1957 Ford Fairlane 500 Skyliner Hardtop Convertible**

## **Introduction**

**Due to a partial but significant tear in his left clutch foot, the publisher had to swap his 2014 stick-shift Corvette convertible for his now automatic transmission 1957 Ford Fairlane 500 Skyliner hardtop convertible. When he had the Vette, he was a member of the Southern Maryland Corvette Club. He has since begun applying for memberships with the Southern Knights Rod and Custom Car Club and wishes to also join the East Coast Drifters Car Club.**

**He also has begun to attend car shows much more often than he did when he had the Corvette. Below is a particle listing of Car Shows and Car Clubs providing meet dates and giving reviews of the meets and the car clubs of which he is aware and attended Please feel free to provide this publication with dates of car shows and car club meetings and events.**

## **Car Shows**

**Southern Maryland, and St. Mary's County in particular, is blessed with many quality car shows. The publisher was involved in car shows involving the Southern Maryland Corvette Club, but as he no longer owns a Corvette, he has moved on to other car clubs and related car show events. The following are the recent car shows the publisher attended.**

**The first car show the publisher attended was "Eddie's Brunch and Car Show" benefitting Hospice of St. Mary's County Maryland held on July 31, 2023. This car show was very well attended and was a fun event with great people, cars, and food. This shall be a favorite car show in the future for the publisher.**

**The second car show the publisher attended was the East Coast Drifters Fall Classic Car Show held at the Mechanicsville Moose Lodge in Mechanicsville Maryland on September 17, 2023. This also shall be a favorite car show for the future. This is in part because the publisher won a trophy that he now proudly displays in his garage with his Skyliner. The publisher is looking into joining the East Coast Drifters Car Club.**

**The third car show the publisher attended was the Southern Knights Rod and Custom Car Club at Bowles farm in St. Mary's County on October 8, 2023. This also was a quality car show. The publisher is in process of applying for membership with this car club.**

**In the future, the publisher shall provide a listing of upcoming car shows and reader submissions and reviews are most welcome.**

## **Car Clubs**

**The publisher is aware of three main car clubs in St. Mary's County. There may be more and please feel free to submit them for inclusion. All are high quality organizations.**

**The publisher was a member of the outstanding Southern Maryland Corvette Club, but as he no longer owns a Corvette, and has moved on to other car clubs.**

**The publisher is in process of applying for membership in the Southern Knights Rod and Custom Car Club as it also is a fine car club.**

**The third car club the publisher is interested in joining is the East Coast Drifters Car Club as it also is a fine organization.**
