PROGRAM GUIDELINES

Simple way to get your Red Wing boots:

Retailers

- CP employees will visit one of the participating retailers and must present a Red Wing Enhanced Subsidy Authorization form, CP Employee ID or CP pay stub along with a Government issued photo ID.
- The Red Wing retailers will measure (i.e. both length and width) and fit the employee with one of the approved styles.

- The full amount of the footwear will be paid by the CP employee at the time of purchase. The employee will receive a completed copy of the Red Wing Enhanced Subsidy Authorization form and will be provided with a receipt of sale.

Subsidy Reimbursement

- CP employees must follow the instructions noted on the Enhanced Subsidy Authorization Form. You must submit the expense through the appropriate expense application, attaching this form, and your receipt.

HEAT-RESISTANT OUTSOLES have been designed and tested to perform on high heat surfaces. Soles identified as HRO are heat resistant to melting at a minimum of 475° Fahrenheit.

KING TOE boots let your feet stretch out and work. It's like a spacious garage for your feet, with 44% more toe room than our standard steel toe work boots.

SIZE CONVERSION CHART

Men's	5	5.5	6	6.5	7	7.5	8	8.5	9	9.5	10
Women's	6.5	7	7.5	8	8.5	9	9.5	10	10.5	11	12

Please note that there is no real standard for converting shoes. Your best fit will come from having your foot professionally measured at a local shoe store.
