Renovate First.
Sell for More.
Pay at Settlement.

Curbio is the pre-sale renovation company that helps you make significantly more money on the sale of your home, without the hassle or upfront costs of working with a traditional home improvement company.

We transform your property into the move-in-ready listing buyers are looking for, and you don't pay us until you sell your home.

Why choose Curbio?

- **Leave the closing table with significantly more money.**

The majority of buyers today are looking for “move-in ready.” Homes that are outdated or in need of repair attract low-ball offers and sit on the market for months. Instead of eliminating a huge portion of potential buyers or selling cheap, let Curbio help. Our renovations are designed to appeal to buyers, increase sale price, and maximize net proceeds. You’ll invest in the renovations that matter most and make more money on the sale of your home.
- **Avoid the stress of a typical home improvement project.**

Curbio’s turnkey renovations are easy and painless for sellers. Your Project Manager will oversee the entire renovation, so you won’t need to make tedious design choices, order materials, or trek to the hardware store. And, of course, you won’t pay a dime until settlement.
- **Renovate in weeks, not months.**

Through our tech-enabled approach, Curbio prepares estimates quickly, finishes projects on time, and provides seamless communication along the way. Plus, Curbio has curated a portfolio of materials that are high-quality and readily available, allowing us to shrink project timelines and help you get to market quickly.

Why we're different.

Curbio's pre-sale renovations increase sale price, maximize profit, and minimize stress.
