

# Igloo Etiquette: 1.5 hour limit with people waiting.

1-Do not add chairs to the Igloo. No one plans to put a chair leg through the cover but it has happened.

2-Place your glasses and plates in a black tub inside (or on outdoor shelves) and dispose of any paper products when you leave Igloo. In case someone is waiting to use the igloo, it's ready for them right away.

3-Pets are not allowed in the igloo. If a pet has an accident, we do not have a way to properly clean the floor. Once a dog leaves their scent, other dogs may as well.

4-Gwin Girls Winery is a Smoke Free Property. There is no smoking allowed beyond the sign in the parking lot. The Michigan Smoke-Free Air Law of 2010 supports this.

5-If using a blanket from GGW, please keep it off the floor so it does not get wet. Bring back inside the main building when finished with it.

6-In Winter, when using a heater in the igloo, YOU MUST keep it away from furniture, clothing, yourselves, etc. No one wants to melt anything, but it has happened.
