

FEEDBACK SYSTEM

1. Feedback Collection Process from the Stakeholders

To get an overall idea on the syllabus of various courses offered by the university, the college maintains an institutional level feedback report. In the beginning years the feedbacks were collected in manual form and analysis was done at the end and discussed in council meetings. Appropriate actions were taken based on the report. Later from the year 2018-19, after the formation of IQAC, feedback analysis was taken as a serious matter and decided to have a structured feedback system under IQAC initiative. At present at the end of the year feedback is taken and analysis and reports are published.

Every year feedback on curriculum is collected from majority students as they have an overall idea of the curriculum. The feedback received from 2016-17 were collected in manual form, later in the year 2017-18 a standardized form was issued to selected respondents and from the year 2019-20 onwards response was selected through Google form Feedback were collected from different stakeholders like students, teachers, parents, and alumni.

Feedback were collected from parents during PTA meetings, from alumni on their visits to and departmental alumni meet, from the outgoing students on the completion of their course, and from the teachers, on the effectiveness of the course and the curriculum and the matters related to that. The course content and its depth, coverage, applicability, learning value, clarity and relevance are all thus evaluated.

2. Feedback Analysis

The data collected by the IQAC was sorted and consolidated for drafting the analysis report. The data entered in the selected format was then converted into chart form and decoded for the proper comprehension of the matter. The analysis is done year wise as well as parameter wise. The aspects pointed out by all the stakeholders are considered with special care and attention. The teachers discussed and evaluated the suggestions received from different spheres regarding the curriculum.

Proper suggestions were formulated to be communicated to ensure the proper redressal of the grievances.

3. Action Taken Report

The suggestions received through the feedback are promptly communicated to the members of various councils and effective actions are taken in due time
