

# Soft Touch® Bases

Progressive Release

## C Series Convertible Bases

Soft Touch "Progressive Release" bases are molded from durable cut resistant polyurethane. Made in the USA, all of our bases are designed to flex and absorb energy as a player slides into the base. In the case of uncontrolled slides, the "Progressive Release" action allows the base to flex until enough force is applied to "pop" the base free from the mount, unlike any stationary base. Proven over 15 years of play, "Progressive Release" bases out-perform standard bases. Soft Touch bases are fully warranted against failure due to defective materials for one full year.

### Product Information

Already have a mounting system in place? No problem! Soft Touch Convertible bases are created specifically for you. This system allows you to use our state-of-the-art bases with an existing 1" stake or a 1 1/2" sleeve mounting system. Soft Touch Convertible bases are ideal for fields with existing mounts or using Soft Touch bases at multiple field complexes. As with all Soft Touch bases, the "Progressive Release" design provides the ultimate in safety.

15" bases with convertible tee  
Soft Touch Order#: C15

Convertible double first base, convertible tee, spike down disk and spike  
Soft Touch Order #: C15DBL

With the Soft Touch® double first base, both fielder and runner have their own base, to reduce the chance of collision.

15" base cover  
Soft Touch Order #: C15L

MADE IN THE USA

*Warning: Sliding into a base represents a clear danger. All players must be advised of this hazard and properly trained in sliding technique.*

# Packages Soft Touch® bases convertible in-ground metal anchor system convertible tee fits 1" ground stake or 1 1/2" ground sleeve
