

10" Game Mound Item #9550

The Portolite 9550 is the lightest 10" game mound on the market. This mound gives the pitcher the feel of a regulation mound, while also allowing field crews the ability to move it with ease. Portolite's game mounds are built with a full body high performance poly protected resilient core with fiberglass reinforcement for a solid, no bounce, yet cushioned mound that reduces knee and ankle strain.

Weights only 200 lbs.
Dimensions 10"H x 11'3" L x 7'7" W
Portolite uses the highest quality AstroTurf® available in Green or Clay colors.
Portolite's rubbers will last 10 times longer than industry standards
