

Floor Protection Anti Skid Mats

The new "Anti Skid Mats" add further protection to gym floors and stop mounds from sliding around. Porous mats are a cost saving option best used for mounds that are indoor use only. Solid mats are designed to be used when bringing outdoor dirty mounds inside to better protect the gym finish as well as added life-span to the mat.

Can be used with any manufacturers portable baseball mound.

Dimensions: Solid Mat = 9'x12' or 6'x10' -- Porous Mat = 6'x10'

Protect your gym floor finish & Stop sliding around on dusty floors!
