Advance Directive*
Durable Power of Attorney for Healthcare
(Patient Advocate Designation)

Introduction

This is a legal document, developed to meet the legal requirements for Michigan. This document provides a way for an individual to create a Durable Power of Attorney for Healthcare (Patient Advocate Designation) and other documentation that will meet the basic requirements for this state.

This Advance Directive allows you to appoint a person (and alternates) to make your health care decisions if you become unable to make these decisions for yourself. The person you appoint is called your Patient Advocate. This document gives your Patient Advocate authority to make your decisions only when you have been determined unable to make your own decisions by two physicians, or a physician and a licensed psychologist.

It does not give your Patient Advocate any authority to make your financial or other business decisions. In addition, it does not give your Patient Advocate authority to make certain decisions about your mental health treatment.

Before completing this document, take time to read it carefully. It also is very important that you discuss your views, your values, and this document with your Patient Advocate.

If you do not closely involve your Patient Advocate, and you do not make a clear plan together, your views and values may not be fully respected because they will not be understood.

If you want to document your views about future health care, but do not want to or cannot use this Advance Directive, ask your health organization or attorney for advice about alternatives.

This is an Advance Directive for:

Advance Directive: My Patient Advocate

If I am no longer able to make my own health care decisions, this document names the person I choose to make these choices for me. This person will be my Patient Advocate. This person will make my health care decisions when I am determined to be incapable of making health care decisions under Michigan law. I understand that it is important to have ongoing discussions with my Patient Advocate about my health and health care choices.
I hereby give my Patient Advocate permission to send a copy of this document to other doctors, hospitals and health care providers that provide my medical care. My Patient Advocate may make medical treatment decisions on my behalf only if I am unable to participate in my own medical treatment decisions.

(NOTE: If your wishes change, you may revoke your Patient Advocate Designation at any time and in any manner sufficient to communicate an intent to revoke. It is recommended that you complete a new Advance Directive and give it to everyone who has a previous copy.)
