

We need MORE help, we need MORE Volunteers

We rely on volunteers to run and manage the whole venue and at the same time we must raise funds to invest in the building for maintenance, renovation and modernising.

Currently, we have too few volunteers doing far too much and this cannot be sustained for much longer. We are going out to the community with a clear message: we need many more volunteers and as quickly as possible, to build a team and sub teams to achieve the ultimate goal, keeping the Jubilee Hall “open” to provide our community with a venue to create wonderful lasting happy memories. For this to be achieved, we need more volunteers to help manage our charity and run this historical building in the following:

Why volunteer to help our village hall?

Volunteering is a genuinely rewarding experience, filled with lively conversation and a real sense of camaraderie and team spirit. We need a team of volunteers or to put it another way “a pool of resource” that we can rely on with their commitment to deliver whatever they volunteer for.

We especially wish to attract the younger generations of our community. Parents and teenagers / young adults, fresh thoughts and ideas and critical for succession planning to secure the halls future.

- Maybe for the less experienced, it’s a great opportunity to learn about new things and widen your horizons as we work together as a whole team and sub teams.
- Maybe you are a very experience individual and willing to give some time to help with the running of the Jubilee Hall.
- Maybe you just want to have some fun, get out the house and be part of something VERY special.
- Maybe, and dare I say most importantly, YOU, like us, do not want to see this great venue and community charity close. Yes, close!

The more volunteers / pairs of hands we have the greater the work is shared.

“If everyone does a little, no ONE person does a lot”.

Your commitment to Volunteer is partnered with the promise to deliver on the responsibilities you take on....
