Thank you for all your answers. Please know that these answers are just to find the best possible life long matches and well suited homes for the kittens and that we only ask these questions for the sake of the kittens and to help keep animals out of shelters. If for any reason a circumstance would arise that would cause you to need to rehome your cat, please contact me, so I can help find a foster family, new adoption, or a solution.

By staying in contact with my page or personal fb profile, I can share specials being run at local vets, or special events the city does for low cost vaccinations/microchip/neuter/spay, or any general advise or knowledge.

What's next?

After review of the application, we will contact you to arrange a deposit to reserve an upcoming kitten and be on our waiting list. Pick of the litter goes in order of who paid first, but can rapidly change if people choose to pass, and wait on another litter.

We keep our Facebook page updated at least once a week with new pictures or videos of the Meezlets so you can watch them grow while you wait. In the event that that we are not able to provide or produce a kitten, (smaller than normal litters, loss of a kitten medical reason or other reasons) we will refund whatever deposit was paid unless you choose to remain on the waiting list for a future litter.

\*please note that if kitten(s) are not picked up within 7 days of the take home date that an additional fee of \$8/day will need to be paid to cover daily costs. This does not include additional vetting costs which will be above and beyond the \$8/day. This also includes kenneling or medical fees for any kitten who needs to be held back for any medical/health reason.

\*Please note that prices of future litters could change due to rising costs. The price quoted to you for THIS upcoming litter (or season) is locked in and will not change. Please check to see the most current updated price.
