## **1.0 Background**

The Ministry of Environment, Forest and Climate Change (MoEF&CC) notified the Environment Protection (End-of-Life Vehicles) Rules, 2025, under the Environment (Protection) Act, 1986, vide notification dated 06 January 2025, for implementation of Extended Producer Responsibility (EPR) in End-of-Life Vehicles (ELVs) management. The said Rules came into force on 01 April, 2025.

As per the provisions of the said Rules, Central Pollution Control Board (CPCB) has developed an online portal for implementation of the EPR framework for ELVs, including registration of stakeholders and filing of returns. The portal will facilitate the registration of key entities (Producers/Registered Vehicle Scrapping Facilities (RVSFs)/Bulk Consumers), generation and transaction of EPR certificates, filing of quarterly and annual returns and submission of other required information by the entities.

The said rules also assign responsibilities to Registered Vehicle Scrapping Facilities. Accordingly, RVSFs are required to register on the centralized ELVs Portal and generate EPR certificates based on the quantity of steel recovered from ELVs. These certificates shall be purchased by Producers for fulfilment of their EPR obligations for the respective financial year.

This document provides guidance for the registration and filing of applications by RVSFs, as defined under the said rules, and for the processing of such applications.

As per the aforementioned rules, 'Registered Vehicle Scrapping Facility' shall have the meaning assigned to it in clause (k) of sub-rule (1) of rule 3 of the Motor Vehicles (Registration and Functions of Vehicle Scrapping Facility) Rules, 2021, which means any establishment that holds registration for vehicle scrapping issued under the said Rules for carrying out dismantling and scrapping operations.

## **2.0 Guidance for filling of Applications by RVSFs**

The RVSFs are required to initiate the application process by signing up on the web portal <https://eprelv.cpcb.gov.in> followed by filling out the registration form, which consists of five (09) parts, namely: (i) General Details, (ii) RVSF Details, (iii) Facility Details, (iv) Details of Installed Equipment at RVSFs (v) RVSFs Capacity, (vi) Details of Pollution Control Devices, (vii) Details of Categories of Waste Recycled / Refurbished / Sent to Registered Entities during the FY 2024-2025, (viii) Declaration and (ix) Payment of Fee.

### **2.1 Procedure of Signing Up (Create Account)**

In order to register at the EPR Portal for ELVs, as mandated under the Environment Protection (End-of-Life Vehicles) Rules, 2025, RVSFs must first generate login credentials by furnishing the details provided in the table below:

S. No.	Section	Information Required	Guidance
<b>1</b>	<b>Applicant Type</b>	Entity type	The user shall select 'Applicant Type' as RVSFs from drop down options.
<b>2.</b>	<b>Entity Details</b>	GST Number	Enter GST number of the Company
		Name of Company	System will auto fetch the company from GST details
		Legal Name	System will auto fetch the Legal name of the company from GST details
		Company E-mail ID	E-mail ID of the company shall be entered
		Type of Business	System will auto fetch type of Business from GST details
		Registered Address	Please enter the address as per the GST.
		State/UT	Select the corresponding of State/UT from the drop-down list of the address
		District	Select the name of district from the drop-down list of the address
		PIN Code	PIN code of the registered address
		PAN Number	Permanent Account Number of the company.  In the case of Proprietor-ship, the PAN number of Authorized person is to be provided.
		TIN Number	Taxpayer Identification Number may be provided
		CIN Number	Corporate Identification Number may be provided if the business is registered with Ministry of Corporate Affairs
<b>3.</b>	<b>Authorized Person Details</b>	Name of Authorized person	Name of authorized official of company/business.  Name of any consultant or agent or any other agencies working on behalf of RVSFs shall not be provided.
		Designation	Designation of authorized person in the company
		Mobile Number	10-digit mobile number of the authorized person (should be in use) for getting necessary information /communication (day to day operations on the portal)

		Email ID	E-mail ID of the authorized person is to be provided for getting necessary information/ communication
		PAN Number	Permanent Account Number of authorized Person.

Website designed, developed & hosted by : IT Division, Central Pollution Control Board.

Thereafter, upon clicking on "Sign-up", the login credentials (i.e., username and temporary password) shall be auto-generated and communicated via e-mail to the registered company e-mail ID and the authorized person e-mail ID.

Thereafter, the applicant may log in to the portal using the credentials provided via e-mail

and change the temporary password by creating a new password. The new password must meet the following criteria: (a) 8–16 characters in length; (b) at least one uppercase alphabet; (c) at least one lowercase alphabet; (d) at least one special character; and (e) at least one numeric character. After changing the password and logging in, the applicant may proceed to submit the registration form as outlined in the next section.

## 2.2 Submission of Registration Form

After login, the user may initiate the registration process. The user shall ensure that copies of the following documents (in PDF format) are readily available for filing the registration form, based on the details provided during the sign-up (Create account).

1. Company GST certificate
2. PAN card of the company
3. IEC certificate
4. CIN document
5. TIN document
6. PAN card of authorized person

## 2.3 Section Wise Filling of Information

RVSFs shall follow section wise instructions as given in the table below for filling applications for registration:

S. No.	Section	Information Required	Guidance
1	General Details	GST Number	This information will be auto-filled based on the details provided in the sign-up form.
		Upload GST certificate	The GST certificate of the company shall be uploaded in PDF format with a file size of less than 2 MB.
		Name of Company	This information will be auto-filled based on the details provided in the sign-up form.
		Legal Name	This information will be auto-filled based on the details provided in the sign-up form.
		Company E-mail ID	This information will be auto-filled based on the details provided in the sign-up form.
		Year of Incorporation	The RVSFs shall provide the year in which the automobile producing entity was legally incorporated or established.
		Type of Business	This information will be auto-filled based on the details provided in the sign-up form.
		State/UT	This information will be auto-filled based on the details provided in the sign-up form.

	District	This information will be auto-filled based on the details provided in the sign-up form.
	Registered Address	This information will be auto-filled based on the details provided in the sign-up form.
	PIN Code	This information will be auto-filled based on the details provided in the sign-up form.
	PAN Number	This information will be auto-filled based on the details provided in the sign-up form.
	Upload PAN card	PAN card of the company shall be uploaded in PDF format with a file size of less than 2 MB.
	TIN Number	This information will be auto-filled based on the details provided in the sign-up form.
	Upload TIN Document	TIN document shall be uploaded in PDF format with a file size of less than 2 MB. (If provided during Sign-up)
	IEC Number	Provide the information if the user is engaged in the business of importing vehicles
	Upload IEC certificate	IEC document shall be uploaded in PDF format with a file size of less than 2 MB. (If user provided information of IEC Number)
	CIN Number	This information will be auto-filled based on the details provided in the sign-up form.
	Upload CIN Document	CIN Document shall be uploaded in PDF format with a file size of less than 2 MB. (If provided during Sign-up)
	Name of Authorized person	This information will be auto-filled based on the details provided in the sign-up form.
	Designation	This information will be auto-filled based on the details provided in the sign-up form.
	Mobile Number	This information will be auto-filled based on the details provided in the sign-up form.
	Email ID	This information will be auto-filled based on the details provided in the sign-up form.
	PAN Number	This information will be auto-filled based on the details provided in the sign-up form.
	Upload PAN card	PAN card of authorized person shall be uploaded in PDF format with a

file size of less than 2 MB.

S. No.	Section	Type of Equipment	Information Required	Guidance
1	<b>Details of installed Equipment at RVSFs</b>	De-pollution Equipment	No. of Equipment, Power Rating (kWh), Operating Hours, Capacity of the Equipment (Tonnes/Day), Geo-tagged Photo of Equipment.	The user shall select the type of equipment and Provide the total number of equipment installed along with their respective power rating (in kWh), average daily operating hours, and processing capacity (in tonnes per day). Upload clear, geo-tagged photograph(s) of the equipment's. Only PDF files are permitted, with a maximum file size of 2 MB.  The user has also requested to kindly go through the " <b>Guidelines for Environmentally Sound Facilities for Handling and Scrapping of End-of-Life Vehicles (ELV)</b> ", prepared by CPCB, for detailed information pertaining to the equipment required for handling and scrapping activities.
2		Dismantling Equipment		
3		Baling Equipment		
4		Shredding Equipment		
5		Classifiers / Separators Equipment		
6		Other Equipment (Specify)		

S. No.	Section	Information Required	Guidance
1	<b>RVSF Facility Details</b>	Geo-tagged Video of RVSF	Upload a geo-tagged video of the Registered Vehicle Scrapping Facility. The maximum permissible file size is 20 MB.
2		Total Area of the RVSF	Enter the total land area of the Registered Vehicle Scrapping Facility in square meters.
3		Sanctioned Power Load	Enter the sanctioned electrical power load of the facility in kWh.
4		Number of Shifts Operated per Day	Enter the total number of operational shifts run per day at the facility.
5		Number of Employees Working	Enter the total number of employees currently working at the Facility.

After providing the above details, click on the Save button. Upon successful saving of the entries, proceed to the next section titled **“RVSFs Capacity”**

S. No.	Section	Information required	Guidance
1		Category of Vehicle	The user shall first select the type(s) of vehicle being scrapped at the facility from the dropdown

	<b>RVSFs Capacity</b>		menu (multi-selection enabled) which contains 2W / 3W / LMV / MMV / HMV / Others.
2		Installed Capacity (No. of Vehicles per Annum)	Provide the installed scrapping capacity of the facility in terms of the total number of vehicles that can be scrapped per annum, considering the scrapping of all vehicle categories selected above.
3		Installed Capacity (Quantity of Steel recovered in MT)	Provide the installed capacity of the facility for recovering of steel from ELVs, expressed in MT per annum, considering the scrapping of all vehicle categories selected above.
4		Operating Capacity – Last 3 Financial Years (No. of Vehicles)	Select the relevant financial year from the dropdown menu and Provide the number of vehicles scrapped for each of the last three financial years, i.e., FY 2022–23, FY 2023–24, and FY 2024–25.
5		Operating Capacity – Last 3 Financial Years (Quantity of Steel recovered in MT)	Select the relevant financial year from the dropdown menu and Provide the Quantity of steel recovered for each of the last three financial years, i.e., FY 2022–23, FY 2023–24, and FY 2024–25.

The screenshot displays the 'EPR End-of-Life vehicles' application interface. A modal titled 'Add Type of Vehicles Scrapping at the Facility' is open, allowing users to select vehicle types for scrapping. The background shows the 'Unit Capacity Details' section with a table listing units and their vehicle types.

**Unit Capacity Details Table:**

S.No	Type of Vehicle	Remove
1	2W	Remove
2	LMV	Remove
3	HMV	Remove

**Plant Capacity Details Table:**

Capacity Type	No. of Vehicles Scrapped / Annum	Quantity of Steel Recovered / Annum (in MT)
Installed Capacity* (as per consents/licenses)	500.0	200.0
Operating Capacity* FY 2023 - 2024	250.0	200.0

### 3.0 Registration Fees

The entity shall pay the registration fees as per the details given below along with the application for registration:

Registration Fee structure for RVSFs		
S. No	Scrapping Capacity of the RVSF (No. of ELVs/Year)	Registration Fees Amount (INR)
1	≤ 6,000	25,000
2	> 6,000 to ≤ 15,000	50,000
3	> 15,000 to ≤ 30,000	75,000
4	> 30,000	1,00,000

- i. The fees shall be paid online through the payment gateway integrated in the portal.
- ii. 50% of Application fees is to be paid as Annual Processing Fee at time of filling returns.

### 4.0 Processing of Application

Once the application submitted by RVSFs, the concern SPCBs/PCCs will follow the below procedure for processing the application for grant of registration:

1. The application shall be processed within 15 working days. The registration shall be either granted or rejected as the case may be within this period.
2. After processing, if the application found to be incomplete with respect to any document being not submitted or any missing information, then the applicant shall be informed through portal only. Accordingly, the applicant shall submit the requisite information sought by Concern SPCBs/PCCs for further processing of the application.
3. Applications shall be rejected if false/ irrelevant information /document submitted. Application fees shall be forfeited in such cases. Fresh applications along with application fees will have to be submitted for Registration.
4. The portal has a provision for the internal processing of applications within Concern SPCBs/PCCs, wherein the Member Secretary, SPCBs/PCCs shall be the approving authority for issuing of the Registration Certificate.

After submission of application, it is reviewed by concerned authorities. In case the application found incomplete, the same will be return back to user

for re- submission. The applicant can resubmit the application without any late fee, if submitted within the stipulated time period. However, a late fee may apply in case of prolonged delay in re-submission. The details of late fee structure will be updated in due course of time.

## **5.0 Revocation of Registration:**

1. Any registered entity furnishes false information or willfully conceals information for registration or return or report or information required to be provided or furnished under the said Rules or in case of any irregularity, the registration of such entity may be revoked by the Concern SPCBs/PCCs for a period up to five-years after giving an opportunity to be heard and in addition, environmental compensation charges may also be levied as per provisions under said Rules and amendment thereof.
2. The RVSFs will be given an opportunity to be heard, prior to the Concern SPCBs/PCCs considering the cancellation or suspension of the registration.

*Note: CPCB shall update this SOP from time to time in accordance with requirements and further Amendments to the Environment Protection (End-of-Life Vehicles) Rules, 2025 if any, as required.*
