It's estimated that up to 99% of adverse reactions are NOT reported.
So the actual death/injury figures are likely to be MUCH higher.

It's NOT NORMAL for me to get

- Myocarditis
- Pericarditis
- Strokes
- Heart attacks
- Blod clots
- Functional neurological disorder
- Bells Palsy
- Spontaneous death

Do you know that
over 90% of
deaths have
come from 5% of
the batches..?

Slowly and quietly.
Hardly anyone will
even know it's

DEPOPULATION

You feel fine? There are more shots on the way...

The same people who told you the COVID shots were "safe and effective"
are now telling you it's all over.
They lied, and they're still lying.

Silence in the face of evil, is evil itself.
