

TALK ABOUT A LITTLE OR A LOT

Today, your preschooler learned about a woman who didn't have very much—only two coins! But the woman trusted God with everything because she knew God loved her and would take care of her. Play this game with your child to help them remember they can trust God with a little or a lot.

Here's what to do:

- 1** During meal time, talk with your preschooler about the different foods on their plate. Ask your child to name them all.
- 2** Encourage your child to tell you which serving of food has a little and which has a lot.
- 3** Talk about how the woman trusted God with everything because she knew God would take care of her. Remind your child that they can trust God with a little or a lot.
