SmartTouch® Innovation

Exclusive to Milgard

Milgard has a long-standing tradition of innovation. The SmartTouch window lock and door handle addresses the need for durable, easy to use windows and patio doors that exceed rigorous California forced-entry codes*.

SmartTouch Lock

SmartTouch Door Handle

SmartTouch Window Lock

INTUITIVE

It's the easiest way to unlock and lock windows allowing you to open or close them in one smooth, single motion. No pinching, squeezing or twisting.

STREAMLINED

The SmartTouch window lock mechanism is incorporated into the window sash for a sleek, low-profile design.

STRONG

The lock assembly is constructed from die-cast zinc making it strong and built to last.

SECURE

It offers peace of mind you can see. When the handle is down, the window is locked so you can rest assured your window is secure at a glance.

SmartTouch Door Handle

ERGONOMIC

A simple one-touch motion unlocks, opens and closes the door, making it accessible and usable for all ages.

SMARTTOUCH BOLT

A fully integrated steel bolt that secures the sliding patio door firmly into the top frame with the flip of a lever - an industry first! Let the fresh air in while keeping the door secure in a vented position.

SECURITYMAX™ PACKAGE

Includes a multi-point locking system paired with the SmartTouch Bolt. The lock is activated with a single motion of the handle which engages four locking points and secures the door in the top frame and bottom track. This provides five points of security on your patio door.**

Details That Matter

Even Sightlines

All Tuscany® Series windows come with even sightlines, from top to bottom, and across operating styles. This provides a streamlined and aesthetically pleasing effect throughout your home, no matter which window operating style you choose.

Tuscany Series is suitable for a variety of architectural home styles, and multiple frame types allow for use in both new construction and replacement applications.

Energy Efficiency

Tested and Built for Your Climate

At Milgard, we help homeowners like you make an impact on their energy consumption by offering energy efficient windows and patio doors designed for your homes comfort.

We make it easy to meet local energy codes and green building efficiency standards with a selection of energy packages you can tailor to your specific climate. We conduct thermal simulations to improve energy performance and we adhere to ENERGY STAR® v6 requirements that meet or exceed U-Factor and Solar Heat Gain Coefficient (SHGC) criteria in the areas we serve.

ZONE	U-Factor	SHGC
ENERGY STAR v6 Northern	0.27	-
ENERGY STAR v6 North-Central	0.30	0.40
ENERGY STAR v6 South-Central	0.30	0.25
ENERGY STAR v6 Southern	0.40	0.25
R5	0.20	-

Your energy efficient windows could include one or more of the following features based on your climate.

- SunCoat® or SunCoatMAX®**
- EdgeGardMAX™**
- Argon**
- 4th Surface Low-e**
- Triple Glaze**
