

BIZ-CONNECTIONS, LLC

“ACCELERATING BUSINESS THROUGH OUR CONNECTIONS”

Established in 2009, our business development, management and trade specialists are dedicated to accelerating business, making commerce easier with our strategic international and vetted connections.

We specialize in the development of international business relationships for the purpose of meeting our client’s business and trade demands, interface facilitation, project oversight, investigation and formation of joint ventures, logistics, and trade finance. Our vetted resources are well established throughout the globe, making commerce and connection easier on you.

Whether you need a product, buyer, seller, lender, bulk shipper or project oversight, Biz-Connections has the proven track record and vetted resources you can rely on. As a business development, trading resource and your preferred intermediary, we can build your business, accelerate your export transaction, and bulk ship your products to any world safe port (AWSP).

Our founder is a Canadian citizen with US permanent resident status, a resourceful entrepreneur with diverse business acumen and experiential in accelerating business development and international trade transactions.

Why Biz-Connections? We manage the logistical, regulatory and funding burden to complete trade transactions on your behalf and we don’t worry about the how!
