

# Lost Dog Policy

During your pets stay, all efforts will be made to ensure the home is secure and escape is prevented. Dogs must wear collars when boarding and microchip information must be provided. Dogs will wear tags with my name address and phone number during the stay.

In the unlikely event that a dog in our care escapes, gets lost or goes missing the following procedure will be followed:

- Entire Premises will be check thoroughly
- The local dog warden, RSPCA, vets practices and local rescue centres will be contacted with description of dog and my contact information incase they are handed in to these vicinities.
- Posters will be placed in local area
- I will be searching the local area
- Social media posts will be utilised and shared to local groups
- Owner and/or emergency contact will be informed and updated along the way
- The incident form will be filled in by myself and measures will be put in place to prevent a similar incident from reoccurring
