

# Whatcom County OTEP (Ongoing Training & Evaluation Program) 2022-2024

Revised September 2021

#### Overview

All Whatcom County Emergency Medical Service (EMS) agencies agree to implement the Ongoing Training and Evaluation Program (OTEP) model as outlined within this document. Oversight of this implementation is the responsibility of the Whatcom County EMS and Trauma Care Council (WCEMS-TCC), department Supervising Physician, and the County Medical Program Director (MPD).

Each quarter will consist of didactic lessons delivered through EMS Connect provided online and other local content as directed by the MPD. Psychomotor evaluations, including patient assessments, will be provided onsite by Whatcom County /Washington State DOH approved EMS Evaluators (ESEs).

ALS providers will receive monthly didactic lessons delivered through in-person Paramedic Continuing Education at their ALS Agency. Content covered will be the topic from the previous month's EMS Connect assignment. In addition to the assigned topic, Supervising Physician may select additional topic (s) or use a designated subject-matter expert to present special cases and events.

Run Reviews and feedback to EMS responders will be provided through the Image Trend reporting platform by the MPD, supervising Physician (s), or other individuals qualified and designated to manage quality assurance and improvement at individual agencies.

BLS Providers will receive onsite practical skills, and individual agencies will provide evaluations through Washington State DOH approved EMS Evaluators. Practical scenarios and skills performance criteria will be provided through the Whatcom County EMS and Trauma Council to ensure standardized content and consistent instruction throughout the county. For ALS providers, onsite practical skills and evaluations will be provided by Supervising Physicians on an annual basis during one of the monthly Paramedic CE's. Skill evaluations will meet the requirements in WAC 246-976-161 and WAC 246-976-163.

#### **Curriculum, Evaluation and Documentation**

In person and online lesson content and objectives will be designed to fulfill curricula approved by the Washington State Department of Health *Education Requirements for the Recertification of EMS Personnel and OTEP Development* document (DOH 530-234 April 2019).

Whatcom County EMS Agencies will use the most current version of Washington State Department of Health (EMR, EMT, and AEMT) practical evaluation skills sheets, NREMT practical skills sheets, or sheets approved by the WCEMS-TCC and County MPD. Link for WA state DOH Practical Evaluation Skill Sheets: <a href="https://www.doh.wa.gov/Portals/1/Documents/Pubs/530226.pdf">https://www.doh.wa.gov/Portals/1/Documents/Pubs/530226.pdf</a>

Each individual Fire Department will cover infectious Disease training and education on an annual basis.

Following each online didactic lesson, providers will complete a cognitive evaluation of the lesson material with a minimum passing score of 80%.

Practical application scenarios and skills evaluation may only be delivered after a provider has successfully completed the online didactic quarterly training.

All evaluation scores will be recorded on an approved tracking form in either paper or electronic format.

#### AEMT (Advanced EMT)

AEMTs (or ILS) shall complete additional training modules or in person training in topic areas as designated by the County Training Coordinator or agency training officer, as approved by the MPD, to meet the competency base requirements. AEMTs will also successfully complete and document all required skills qualifications as outlined in WAC 246-976-171.

#### **EMT with IV Therapy and/or Supraglottic Airway Endorsements**

EMTs with IV Therapy or Supraglottic Airway Endorsement will successfully complete and document all required skills qualifications as outlined in WAC 246-976-171.

#### **Quality Improvement**

WCEMS will monitor instructors and provide EMS evaluator workshops to ensure quality instruction and evaluation of OTEP participants. In addition, the MPD or County EMS Training Coordinator will periodically audit training sessions.

Feedback from quarterly County Continuing Quality Improvement (CQI) Board meetings will also be used to identify system training or performance deficits and strengths.

WCEMS will monitor EMS provider progress and compliance with OTEP requirements and work together with participating agencies to identify and correct training discrepancies.

#### **Remediation Plan**

Any provider failing a practical scenario or skills station will be provided 2 additional attempts to complete the scenario or skill successfully. Remediation will be provided between unsuccessful attempts at any scenario or skill.

If a provider fails three (3) successive attempts performing a scenario or skill, the provider will receive further didactic instruction. All failures, remediation, and subsequent passing of a skill or scenario will be documented by the responsible home agency and remain with the EMS training record of the individual provider.

All providers shall maintain didactic and psychomotor sessions within the quarter they are assigned. If a provider misses or fails to complete a didactic or psychomotor session within any quarter, the didactic module or skill session must be made up within the following quarter that it was assigned. If a provider misses three (3) didactic or psychomotor sessions, the provider will be moved from the OTEP model to the traditional method of recertification.

If a provider is absent from duty for an extended period of time due to illness, military leave, injury, leave of absence, or other extenuating circumstance, the EMS agency will remove that provider from providing patient care and provide the individual with a remediation plan that will be administered by the affiliated EMS agency training officer and be approved by WCEMS and the MPD. Remediation plans for such absences will include any topics that were missed by a provider on leave and skills competency verification on any missed topics. After successful remediation, the affiliated EMS agency training officer

will place the provider back into the OTEP plan. As a last resort for remediation, a responder may be placed on the traditional method of recertification.

Provider requiring military leave will contact Washington State DOH to be placed in "Military" status.

#### **Personnel Transfer**

When new EMS providers transfer affiliation from another county to a WCEMS agency, they will be required to provide WCEMS and the affiliate agency with documentation of all EMS continuing education they have completed for their current certification cycle. WCEMS and the MPD will assign any make-up or remediation needed prior to placing the provider on the WCEMS OTEP plan. If a provider is significantly deficient of acceptable continuing education requirements, the provider may be placed on the traditional method of recertification for that recertification cycle. All new providers will be expected to prove competency and acknowledge receipt of WCEMS protocols.

#### Recertification

Individual EMS providers are responsible for reviewing and maintaining records for their certification period. Agency training officers, WCEMS, and the County MPD are responsible for final review of all recertification materials for affiliated providers. All documentation for recertification will be forwarded to the WCEMS office for processing. WCEMS will perform a records verification of each provider prior to recertification to ensure consistency with WAC 246-976-161 and WAC 246-976-171 before approving the provider's application. If the traditional method of recertification is used, it will be consistent with WAC 246-976-162.

# ParticipatingAgencies\_

The following agencies will be participating in OTEP training in Whatcom County:

EMS County UDL	Credential #	Agency Name
Whatcom	ESSO.ES.60441554	Bellingham Mountain Rescue Council
Whatcom	ESSO.ES.60424206	BP Cherry Point Refinery
Whatcom	AMBV.ES.00000827	Cascade Ambulance Service
Whatcom	ESSO.ES.60275889	Customs and Border Protection- Blaine Sector
Whatcom	ESSO.ES.60439002	Ferndale Refinery Emergency Response
Whatcom	AMBV.ES.00000804	Glacier Fire and Rescue
Whatcom	AMBV.ES.00000815	Lynden Fire Department
Whatcom	AID.ES.60432661	Mt. Baker Ski Area, Inc.
Whatcom	AMBV.ES.00000805	North Whatcom Fire and Rescue
Whatcom	AMBV.ES.60070344	South Whatcom Fire Authority
Whatcom	ESSO.ES.60318854	Summit to Sound Search and Rescue
