

ASMC

ASMC specializes in providing a hands-on team of internationally recognized executives, senior managers, engineers and technologists, all leaders in their fields, who are dedicated to delivering the highest level of service and providing world class solutions for your business needs.

Factory/Cleanroom Design and Build
Solar and Semiconductor Equipment, Technology and Manufacturing
Ingot-Wafer- Cell- Module Production for Solar Applications

Our Experience

Our Founders

Dr. Neil Morris
CEO & COO

Dr. Rick Schwerdtfeger
Former CEO, retired

Our Technical Team

Director - MES/MIS Systems

Director - ISO / Quality Systems

Director – Semiconductor Eqpt/Process

Director – Solar Wafer – Cell - Module

+ 8 Technology Specialists

Knowledge of Facility and Equipment Design

- Hands-on Project Management
- Budgets / Resource Planning
- Plant/Facility Design & Build
- Equipment Selection & Utility Specification
- Vendor Negotiations and Contracts
- Equipment Delivery / Installation / FAT / SAT
- Ramp to Volume Production

Knowledge of Processes and Products

- State-of-Art Process Technology
- Equipment, Metrology, MES/MIS Systems
- Product Characterization and Qualification
- Documentation and Certification
- Staff Training and Team Building
- Manufacturing Efficiencies / KPI's / Metrics
- Optimized Expansion Planning
- Strategic yield/throughput/process optimization
- Artificial Intelligence (AI) based Data Analysis
