

## **POLICY ON GUESTS & PROSPECTIVE MEMBERS**

Guests A member may bring a guest to a club run on up to four occasions during the year. The member should introduce his/her guests to the Chairperson, Secretary, or in their absence, a member of the committee. The member should ensure their guest will be able to run the published route and should assume responsibility for their guests' conduct and welfare at all times.

Prospective Members Prospective new members are welcome to attend up to two club runs, by way of induction, prior to joining the club. Prospective members should introduce themselves to the Chairperson, Secretary, or in their absence, a member of the committee. They should provide a brief summary of their running experience, in order to ensure their safety and welfare during the run. Following a two-week induction, prospective members who wish to continue running with the Club will be expected to become members.
