

DRIVING DIRECTIONS HEADING SOUTH ON SR415 in Osteen (rom New Smyrna, Daytona, SR44, Howland Blvd via SR415:

Ahead of time, download pertinent parts of directions to phone/tablet or print out to bring with you (Cell phone reception spotty at intersection of Osteen-Maytown & Pell roads)

Two places map programs may get it wrong for our location

- 1. Hit "DETOUR BY ROAD" if available in any program that tries to send you down BOY SCOUT CAMP ROAD or LAKE ASHBY ROAD** (impassable sugar sand on route, usually safe only for 4-wheel drive & off-road vehicles). You are in the wrong place, at the north end of Osteen if you can't see Saddle Creek fence & mailboxes within 25 feet of a yellow NO OUTLET sign -- turn around and go south on State Road 415. Enter our part of Osteen further south, near Volusia County biking/hiking overpass on SR415
- 2. About a block after entering Saddle Creek dirt-road, turn left at V/curve to stay on Saddle Creek Farms Road.**

· Take SR415 1 mile south past Tractor Supply, WalMart/traffic light at Howland Blvd.

Pass Doyle Road/traffic light, or from Doyle Road/CR4162 turn right on SR415

· Pass Skip's Boots, Fox Head bar/lounge on right (just before Volusia County biking/hiking overpass & fire station

Third left (tiny little blocks) onto New Smyrna Road immediately after passing Doyle Road

· **Immediate left on Florida Ave.** which quickly becomes Osteen-Maytown Road

· 5.6 miles east on Osteen-Maytown Road before you turn again

- Speed trap – 30 mph speed limit traveling eastward until you pass the golf course

To Pell Road once you are on Osteen-Maytown RD (5.6 miles to get there):

- After two small bridges
- Pass Vat & Elizabeth roads on right, pass Rebel Run on left, shortly before you reach Pell
- Yellow traffic sign says Pell as you approach - comes up fast
- Small yellow Lucas Palms sign just before turning north on Pell
- Towards Wiregrass Prairie Reserve

North/left on Pell RD for 4 miles (only one way to turn onto Pell RD - other side at intersection is biking/hiking trail

- Pass Prideaux & pass Oakridge Farms roads on right.
- Turn right onto **Saddle Creek Farms RD off Pell**
- Paw prints painted on occasional power poles
- Watch out for similar street names along Pell & in Saddle Creek

IF PAVEMENT ON PELL ROAD RUNS OUT BEFORE YOU TURN ON SADDLE CREEK YOU HAVE GONE TOO FAR – TURN AROUND NOW! SUGAR SAND AHEAD AFTER PELL BECOMES A DIRT ROAD

Right/east on Saddle Creek Farms RD

- Saddle Creek Farms RD street sign
- 1 mile of safe-when-slow dirt roads to Best Paw Forward Inc.
- No Outlet yellow sign just before turn onto Saddle Creek Farms Road
- Turn right before passing sign that says Pavement Ends
- Saddle Creek sign on white fencing
- Double bank of mailboxes on right by fence -- turn in between open gates
- You are invited guests - ignore No Trespassing sign
- 10 MILES PER HOUR ON DIRT ROAD - speeding is dangerous and messes up cars & road, can get you expelled from class with no refund

Short block to next turn: Left at that intersection to remain on Saddle Creek Farms RD

- Few street signs in subdivision -- landmarks help
- Avoid drainage ditches (& drainage pipe areas, except when you turn in driveway 😊 the pipe runs under our driveway of course)
- pass 2-story house on right

Right on **Oak View Plantation RD**

- runs between horse & cattle pastures

Immediate next (first) left at **Oak Haven Plantation RD**

- Second home on right, beige home with wheelchair access ramp on front of house
- Small Best Paw Forward sign next to driveway
- Dog signs on fence (DOG STREET green sign on gate)
- Green-roofed storage building in back with large red paw prints
- Driveway near center of front fence
- Agility & obedience rings with jumps, other equipment in front fields on either side of driveway
- Covered area next to driveway for most classes
- Precision work, private sessions, workshops usually in white training barn
