Bob Alger called meeting to order at 6:00pm

Pete Potter stated no monies will be requested in the budget by this committee. Pete went on to say this subject should be included in the April BOD agenda and a request by the committee will be made at that meeting that the jetty and survey monies appropriation be put on the agenda for the member to vote on at the Annual Members meeting in May. These monies would come from the general fund. All of the committee members agreed. Marlena Whaley asked if both items would be called in one vote. Pete responded that would be decided by the BOD at the April BOD meeting.

Meeting adjourned at 6:06pm

Respectfully submitted
