Vision - Embrace street art and vibrant colour schemes to enliven our town

Burnham on Sea already has a reputation for stunning street art, and an established Jamfest. However much of our town centre is dominated by grey, uninspiring backdrops. We are uniquely placed as a town in that we have a mile long esplanade with a sea wall. Some areas of our town have allowed street art or artwork, however we could go much further.

Imagine our town having a global reputation for vibrant, community led artwork. Our esplanade, sea wall, high street and roads transformed with a mix of paid for street art, community and youth led projects.

Making it happen

- Engage building and space owners to secure spaces – Local Council, Town Council, Landlords, Private owners, Highways agency etc...
- Work with local experts – BOSfest /Jamfest, artists
- Apply for funding to support the activity
- Create and host events for local people to own spaces and contribute ideas
- Engage professional artists for key areas

Our Esplanade

A blank canvas, unique in the UK

- A mile of potential for both permanent and temporary creative spaces
- Areas for young people to own and express themselves
- True representation for everyone in Burnham on Sea
- A year round attraction for both locals and tourists

Our Streets

An Opportunity to make our town truly stand out

- Could we make BoS more vibrant and interesting?
- Can we make our streets fun e.g. games painted on floor for children
- Brighter streets with interesting art pieces that represent BoS
- Fundraising to pay for local artists
- Add colour and vibrancy whilst respecting our heritage

What could our Town look like?

A vibrant sea front, with local artists and community art on display

What could our Town look like?

Could we use our sea wall better ?

What would you like to see on display ?

What could our Town look like?

We already have some fantastic street art - what more could we do?

What could our Town look like?

What sort of artwork would you want in the high street?

What have other towns done?

What have other towns done?

yes mush!
