Sister Carla Jackson

Founder & Host

God Squad: A Message from our Founder.

We, as a church, are The God Squad, we need to strengthen our focus so that it is not distracted by the temporary glitter of the outside world and we retain the church walls around us at all times in order to, as Christians, embrace, heal and solve, with the miracle that only God has given us so generously and so perfectly: LOVE.....LOVE through which we can persevere, find solutions, absorb answers and empower action. For the direction we follow as members of the squad is still the simple one, from the way, the truth and the life that leads above all and is always saying lovingly to us "My command is this: love each other as I have loved you."

This album is strategically designed to bring reference and honor to the indwelling power of the Holy Spirit in the life of the believer, and to refute all suggestions of celestial spiritualism and energy teachings. "I do not live by the vibration teaching at all. Believers have the Spirit.. and He will not be reduced to being a vibe" says the Central FL artist.
