

NBMT DAILY PRAYER

Almighty God,
Our eternal Father, whom we love and adore,
Creator of the universe and all that dwells within,
We come humbly before You,
asking that You fill our hearts with the wisdom and strength
to serve with love, courage, compassion, and devotion.

Lord Jesus, our Savior, empower our staff, our clients,
our patients, and the physicians who care for them.
In every role and every task, let us see the miracle of service to others
that You place before us daily.
Inspire us to reach for greater callings,
to embrace our duty with humility and joy,
and to lead and empower others with grace and integrity.

By Your Spirit, illuminate our minds with clarity and sound judgment.
Guard us from error, steady us on the righteous path,
and give us strength to persevere in our mission to save lives.
Our goal—and the work we dedicate ourselves to each day—is to bring health, healing,
hope, and spiritual renewal to all we serve.
always reflecting Your love and bringing glory to Your name.

Gracious Father,
transform our spirits and make us faithful stewards of the call You have given.
Bless our endeavors to serve our communities, and most of all, You.
For all success belongs to You alone.

We pray this in the mighty name of Jesus Christ, our Lord and Savior. Amen.
