

Wall Mounted

Hand-crafted to Order 11 x 13

English

Paleo Hebrew script

All boards come with pegs & complete instructions. Colored dots mark all of אֵלֶּלֶל's moediyim feasts and holy convocations. Unless you choose otherwise, the top row in addition to the creator's name has the words "Praise each morning / his mercy renews" (Lam 3:22-23) to help bring praise to our lips as we move the pegs daily around the board! You can customize your calendar to have anything you would like. We want you to make this Calendar board your own, unique to your family. You can select either English or Paleo Hebrew scripts.

If you enjoy craft projects, "unfinished kits" are available with just the pre-drill hole board, finished edges, raw wood and pegs.

Each order also includes a free Paleo Hebrew translation commentary on the verse you select for the bottom of the board. We will work with you to ensure the verse you select will fit and will be readable in the bottom section of the board. Many people choose Psalm 90:12 "Teach us to number our days so that we can apply our hearts unto wisdom". You can select a different verse as long as it is not too long as the lettering will be too small.

Calendar - in a - Box

4 x 6 light-weight

This calendar has same peg holes and tracking. It fits in your hand and can easily be taken traveling for fellowship on the Moediyim! There are no colored dots for the feasts but we've placed the Moed schedule on a card inserted (left) with instructions on the back side. The box has a secure latch and the pegs are long and will not shift if the box is closed turned upside down, etc.
