VOTING	ACCESS & EQUALITY	INFLUENCE
Replace the exclusionary two-corporate-party system with an inclusive multi-party democracy through ranked-choice voting and proportional representation	Expand Freedom of Information laws and whistleblower protections	Eliminate gerrymandering by enacting proportional representation
Implement Ranked-Choice Voting for all elections nationwide	Institute full public financing of elections. Get the corrupting influence of private money out of politics and put the people back in.	Implement proportional representation for all legislative elections
Abolish the Electoral College, and elect the president via national popular vote using ranked-choice voting	Make Election Day a federal holiday	Work to overturn Citizens United and Buckley v. Valeo and abolish corporate personhood by Constitutional Amendment
Support a modern Voting Rights Act, including non-partisan redistricting commissions and same-day voter registration nationwide	Grant immediate statehood for the District of Columbia	Ban stock trading by legislators
Restore the Preclearance provision of the Voting Rights Act	Protect the free Internet and net neutrality	Oppose censorship by both the government and big tech corporations, and defend press freedom by applying antitrust laws to media conglomerates
Ensure a Constitutional right to vote and restore voting rights to all felons	Ensure self-determination for Puerto Rico and other colonial territories still under US rule	Ban government contractors from donating to political campaigns
Pass Automatic Voter Registration (AVR) nationwide	Ensure open debates on public channels including all ballot-qualified candidates	Prohibit Congress from giving themselves any benefits they do not give to the people
Lower the voting age to 16	Provide free public airtime for all ballot-qualified candidates	Increase the number of Supreme Court justices from 9 to 18, with 18-year term limits staggered so that one seat opens per year
Repeal discriminatory, anti-democratic ballot access restrictions designed by the establishment parties to suppress competition	Support and fund participatory budgeting projects to engage the public in policy decisions	Require a supermajority of ⅔ of the Supreme Court for judicial review of federal laws
End all discriminatory voting laws and the purging of voting rolls; repeal Shelby County v Holder	Create a Federal Department of Equity to ensure that design and implementation of all policies (including climate policies) are equitable, as opposed to the historic victimization of poorer and marginalized communities.	Prohibit lobbying of any kind by former members of Congress.
Expand polling locations and make free vote-by-mail an option for all elections, and expand polling locations		
Allow those who are under supervision or incarcerated to vote in elections, and be counted in the districts they resided in before incarceration		
Safeguard election integrity with hand-counted paper ballots and routine post-election audits		
Give voting rights in pension funds to the workers
