From the President

SUMMER 2022/3

2022 has seen the Branch return to normality after Covid disruptions. Our shows last year had some great entries with over eighty animals entered in the Launceston and Hobart Royal shows, with good numbers at Brighton also, which last year was our Branch Show. The Huon and Scottsdale shows were well attended with both shows being held on the same day.

With 2023 already here we are getting ready to hold GoatFest on 29th January and our All Breeds Summer show in February. Dates for these events can be found further on in the newsletter.

We held the required judges refresher on Sunday the 8th of January at Tim & Anna's property at Merseylea. There was a formal process to go through and we added time for discussion amongst the members who found the day of interest. We had several breeds of goats on hand to help with the process. Thank you Anna & Tim for hosting this event at your property.

The 2023 AGM and Federal Council meetings will be held in QLD. The Branch will have a Branch and Annual Show meeting in early February and any items for the Federal Council meeting will be discussed. If any member has anything they wish to put forward please contact a Branch committee member.

I hope you all had a happy and safe Christmas and Best Wishes for the New Year.

Steve Baldock

From The Editor

Hi everyone!

My apologies for the newsletter being late. I had intended to get it out to everyone prior to the holiday break but it wasn't to be. I hope everyone has a great end to their 2022 and that 2023 is looking bright with lots of exciting plans.

It has been a busy few months with lots of shows! Space was limited for photos at some shows in this edition. I will add a montage of some missed photos to our Winter edition with a look back on the year that was as we will have plenty of space available. If you have funny photos or anything else you would like to share as part of this please send it through. Enjoy!

Regards
Desely

State Milk Awards Officer Report

December 2022

Errata – Launceston Show report.

The doe with the highest milk kg was Highveld Peony-Rose 6.45kg.
Congratulation (and apologies for my error) to her owner and breeder, Steve Baldock.

We have had a number of claims since my last report.

Owner	Breed	Doe	Kg	Bf%	Points	Award
Lisa Montgomery	Anglo-Nubian	Killara-Ram Nefertiti	4.81	3.7	19.02	*Q*
Steve Baldock	Saanen	Highveld Melania	5.05	4.2	24.09	*Q*2
Steve Baldock	Saanen	Highveld Peony-Rose	6.45	3.5	24.48	*Q*
Steve Baldock	Saanen	Highveld Kathryn-Pixie	5.15	4.68	22.24	*Q*

The aim of 24hr production testing is to measure the production of a doe in one day. This is done by stripping out the doe and then sampling the milk for the next milking(s) in the 24 hour period. The samples are sent to a testing laboratory to determine the % of butterfat. Then all the facts and figures are calculated to determine the points gained and the award level achieved.

If you would like to test your doe, more information can be found in the Herd Book and by contacting me. It's fun and you receive certificates for your achievement and points for the 24hr Type and Production class at Tas shows.

Advertising and Submission Guidelines

Guidelines for Articles, Images etc.

Articles: Please submit all articles in .doc or .docx format. Images to be included with the article may be part of the document or as separate attachments in the same email. In the body of your email, include a list of everything you've attached.

Images: Reasonable quality (at least big enough to print at 100% quality on the full width of a newsletter page). Watch your backgrounds! A lovely picture of your goat is even better against a clean, distraction-free background, so check for people, clutter and other animals before sending the picture. Remember you can always take a picture of your show winner with his or her ribbons at home after the show.

Other content: Anecdotes, poetry, jokes etc. are welcome and will be published as time and space permits. Submission guidelines are the same as for articles.

ALL CONTENT SUBMITTED TO TASMANIAN TAILS MUST BE YOUR OWN WORK OR SOMETHING YOU HAVE PERMISSION TO COPY. PLEASE CONTACT THE EDITOR IF YOU'RE NOT SURE.
