

Office of Councilman Andrew Pruski  
Anne Arundel County Council, District 4  
44 Calvert Street  
1st Floor  
Annapolis, MD 21401

Dear Neighbors;

As your representative on the Anne Arundel County Council I want you to know that I stand shoulder to shoulder with you in opposition to the Chesapeake Terrace Rubble Landfill plan that is currently before the Maryland Department of the Environment (MDE) for approval. This landfill will be incredibly disruptive not just to our neighbors that live in its immediate area along Conway and Patuxent Roads, but to all of the residents of District 4. The creation of this landfill will further strain the already overburdened roads along the Route 3 corridor by adding countless large trucks and employee vehicles, lengthening the amount of time we all spend trying to get to or from our homes along Route 3.

I have fought against this landfill for more than 20 years, first as a private citizen in Anne Arundel County, then as the president of the Four Seasons Community Association, and now as your elected representative in county government. This process has gone on for over 25 years and adding a rubble landfill will severely harm the character of our community.

Currently National Waste Managers (NWM) has been unable to meet the requirements of the special exception. Under the requirements, NWM is required to gain access to Conway Road through a fee-simple right-of-way and as of
