

VEHICLE REGISTRATION

The Condominium Bylaws requires that each Co-owner shall file written notice with the Association registering their information. Hidden Meadows has implemented a parking tag policy that each co-owner must utilize a registered Hidden Meadows Condominium decal for each vehicle. The tags are specific to the license plate of that registered vehicle. This registration must be returned to KC Property Service within 30 days receipt.

Any registrations not received within this time frame will receive a fine for noncompliance. This notice serves as your courtesy notice regarding the compliance matter. If you feel you have received this notice in error, you can contact our office directly. Each unit has been issued two tags. They are to be placed immediately on your vehicles.

(If you have a tenant in your condominium you will need to ensure you provide our office with the most accurate information regarding that tenant's vehicles).

The provided tags must be placed in the upper left-hand corner of the front windshield on the driver's side. If you have more than two vehicles our office can issue additional tags upon their registration and notification on where to park the third or more vehicles.

Name: _____, address: _____

List of all vehicles:
