Sponsorship of PACC

One of our many great volunteers is Reg Mulligan, who is assisting in seeking sponsors for the club. A message from Reg:

With the soon to be new plant and ice surface we are hoping to increase our Advertising revenue to support ongoing improvements and membership benefits. The best way to do this is for referrals of Vendor contacts from members who belong to the club. If you know of anyone with a business that our members can support locally, this is best. However any advertiser is a good advertiser. As an example to businesses you many know you could tell them that a single ad in a local paper can cost between \$400-\$500 for a 2X3 inch ad for a run in the paper. An in Ice ad is as little as \$300 and it is there for the entire season! PACC has in the neighbourhood of 70000 visits by members and visitors. We are also always on the lookout for sponsors for Bonspiels and our Juniors.

If you do have a contact, please forward this onto Adrian and he will forward onto the Marketing and Membership committee Sales Volunteer.

Going Paperless

One of the top comments I receive from our great members is “are you going to clean the office?” to which my first thought is “that’s going to be a lot of work...” ☺ And it has. But with Don Patterson helping to forge a path with the Board’s support, the office has seen a reduction in clutter as we move to digital copies of receipts, transactions, invoices, etc. Not 1 but 2 filing cabinets and 2 tables have been cleared! Despite bold attempts from the paper hoards to regroup and reproduce, we are managing to make good progress and continue to focus on this initiative.

Free to a good (any) home

As efforts continue with the construction project with an eye to making as much as possible being neat and tidy, some new seating is on the way. Some of the old seating was to make its way to the large construction garbage container but then again one’s junk may be another’s treasure. If you would like some PACC legacy in the form of either the carpet bench or the 2 orange boxes with top seating, please let me know by July 3 and we can arrange a pickup

Other Business – A Message from the New Manager

I remain pleased, proud and optimistic to be your new Manager. I remain in awe at the sheer amount of effort, time and passion Ross put into the role, I am delighted he will be around and managing our ice next season.

I have received great feedback from our members, and am humbled at the amount of offers to help out in any way – clearly many, if not all of you, feel the same way about curling and the club as I do. Some of the key themes I have heard (besides cleaning the office... see above 😊) is that people want to get better, there is some trepidation about the skip position, people want to volunteer but aren't sure how, and don't change out any of the beers on tap.

Getting Better: No matter what level we are at, from beginner to experienced, we all want to get better. Curling is a hard game. I hear members going to other clubs to get better by taking clinics and I think 'why not at PACC'? We already have some excellent coaching resources at PACC, so it is just a matter of getting those resources in touch with you and arranging some ice time.

Coaching: In order to develop additional resources to help with new and existing curlers, we are working with CurlBC to put on coaching clinics September 26th and 27th. Members can look for more information on signup soon

Skipping: "No one remembers Leads' stones" is a true expression, while we all know what happened with the last stones of an end. Being skip can be daunting and there will be more resources made available to help with both current and developing skips during this season

Volunteering: The heart and soul of a club is it's volunteers and I can't stress enough how highly valued our volunteers are. Some aren't sure how/where to volunteer, be it for Learn to Curl, coaching, cleaning, office work... When registration for next season comes on line a question will be if you are interested (not committing to...) in volunteering and if so there will be a volunteer orientation meeting to review what is involved and how one can comfortably volunteer. Hope to see you there.

Beers on Tap: At the risk of making 1 friend, while many adversaries at the same time I have made a decision on what the 6th keg will be for next season! One of the top things I have heard is to not mess with the existing beer on tap as the current lineup of Asahi, Peroni, Pilsner Urquell, Sleemans and Four Winds IPA is NOT to be tampered with. Got it, got it... duly noted! 😊
