Message from the President

To the Residents & Guests of the Williams County Fair,

I want to Welcome you to the 2024 Williams County Fair September 7th-14th, 2024 on behalf of the Williams County Agricultural Society.

2023 was a turning point for the Williams County Fair with us seeing the largest attendance at the fair since 2016. The addition of entertainment on the North Midway with the Circus, the Wild West Show & Laser tag was a total hit with many positive comments & feedback.

Senior Fair Board Directors & Auxiliary Directors have been working to continue the path for improvement for 2024. The North Midway will showcase the “Dialed Action BMX Show”, Magicians “Almost Amazing Rex & Dana,” along with the return of the Tactical Force Mobile Laser Tag. All free to those attending the fair. Grandstand events this year will include the High School Band Show, Youth Night, Harness Racing, Mini Horse Pulls, Light & Heavy Weight Horse Pulls, KOI Drag Racing, Demo Derby, and a New Rodeo “Rough E Rodeo”. Rides and games continue with Poor Jacks Amusements at the south end of the fairgrounds. The Crowning of the Fair Royalty will be at a new location on Saturday 9/7 in the Thaman Building.

The Junior Fair Schedule will continue with the same schedule as in the past, with the Livestock Sale ending the week on Saturday morning. We thank you all for your continued support of the youth at the sale with 2023 sale figures surpassing \$300,000. Stop by the 4-H Building and the Rural Building to see the displays of 4-H, FFA and Scouting projects that showcase their talents and hard work.

We continue to make improvements on the fairgrounds. We have remodeled the Thaman Building, with all new flooring and painted walls. We are working to replace the pens in the Swine Barn, years have taken the toll on the current pens, and they are in need of replacement to make a safe environment for the animals when housed at the fair. We invite you to sponsor a pen and have your name placed on a sign in the swine barn, the total cost of the project is \$73,000. Look to see other remodeling and renovations coming soon, through a grant we applied for along with all 94 fairs in Ohio through the Ohio County & Independent Fairs grant program, all fairs will be getting \$106,382.97. These funds are to be used for designated capital improvements from the grant application.

Remember when you see Junior, Senior or Auxiliary Board Members, thank them for their hard work, dedication and efforts to make our fair happen. A big Thank You to all of the Volunteers, Sponsors, Merchants, Concessionaires and Commodity Groups that are set up and present to help us put on a great fair. And thank all of you who attend the fair each year. We look forward to seeing you all at this year’s Williams County Fair.

In Service & Friendship,

Pam Goll, President

We are Humbled and grateful to serve all of you.

Come Enjoy the
Animal & Me
Program Show
Tuesday, September 10
at 6:30 PM in the Show Pavilion

The Animal & Me Program provides an opportunity for differently abled individuals to have the opportunity to show animals at the Williams County Fair. Individuals will be mentored by a Junior Fair Youth with their animals, that are willing to share their love of Junior Fair Livestock projects. Individuals will have the opportunity to work together with the animals prior to the fair and then will show them at the fair. Mentors are learning to teach, and the Mentees are learning new-skills, and how to care for animals. The smiles on their faces tell the whole story.

What is the Williams County Junior Fair?

Williams County Junior Fair is the showcase of projects completed by youth involved in FFA, 4-H, Boy Scouts, Girl Scouts, and Farm Bureau Youth. The Jr. Fair program is part of the Williams County Fair, which is organized and administrated by the WCAS (a.k.a. Senior Fair Board). The fair provides the opportunity for youth to exhibit the results of their project efforts, to have a project evaluated by a hired judge and to compete for awards and prizes. Participation at the county fair is not required for project completion, although it is strongly encouraged. Participation is required; however, to receive a premium. Rules and regulations for the Jr. Fair are designed to promote maximum educational experiences. They are created in part by the Junior Fair Board along with the Sr. Fair Board.

What is the

Williams County Agricultural Society?

The WCAS (Senior Fair Board) supports Williams County 4-H by sponsoring a Williams County Jr. Fair. They are the legal sponsoring authority. They assign Sr. Fair Board members to work with the Jr. Fair and Jr. Fair Board activities. The Fair Board offers premiums for exhibiting, pays for judges, ribbons, electricity, sawdust for shows and supplies necessary to operate the Junior Fair efficiently. They also decide which buildings and facilities will be used. The Sr. Fair Board has final say on the Junior Fair rules which are recommended by the 4-H Advisory Council and Junior Fair Board. The Sr. Fair Board obtains judges for the Senior and Junior Fair. Passes are available to 4-H members over 12 years of age. The Sr. Fair Board is responsible for distributing members' passes. The Sr. Fair Board meetings are held on the third Thursday of each month. All buildings and facilities on the fairgrounds belong to the Sr. Fair Board regardless of the source of money.

STANDARDS FOR JUDGING

In all classes, specimens should be clean and water in containers, fresh.

SPECIMEN FLOWERS

Form-perfection of form for type of flower. Symmetry very important for most cultivars.

Color-clear, rich, luminous color.

Substance-firm, crisp petals.

Stem and Foliage-clean, healthy foliage, strong straight stem (length in proportion to size of bloom).

Size- large blooms for type and variety.

Grooming-clean and disbudded if required.

Note: Classes asking for three of a variety, three stems should be as identical in size, color, and form as possible.

POTTED PLANTS -flowering and foliage

Flowers, Quality and Quantity (if flowering plant)

Form and Symmetry of Plant

Health and Vigor of Foliage

Size of Plant and /or Flowers (typical of variety)

Grooming, Correct Labeling of Plant

Note: African violets should have only one crown to a pot. Pots should be

scrubbed, and plant should be clean

PLANTER DIVISION RULES

The shape and color of the container is exhibitor's choice. The Planter must be under 15" inside measurements (unless specified in class) and is to include chicks and hens succulents. The planter is to be entered the first show and will stay all week.

ARRANGEMENT ARTISTIC DESIGN CLASSES - A design is the orderly arrangement of the component parts to each other and to their environment. For further explanations of designs see OAGC Handbook.

Creative Design – A contemporary and abstract art form.

Floor Design – A design staged on the floor with a minimum height of four feet. One or more units may be used to complete the design.

Foliage Design – Design using only foliage, no flowers. The contrast of color, texture and pattern are to make the arrangement. Must include leaf manipulation.

Miniature Design – Under 5 inches; Designs can be Creative, Ikebana or Traditional styles.

Mixed Bouquet – A bouquet is a grouping of several different kinds of cut flowers placed attractively in a vase of water. A specific design is not required. It is *NOT* a collection of one kind of flower. Exhibitors are to provide their own container. Bouquets are to be thoroughly watered. Exhibits are judged on the condition, color, and harmony of flowers. Each bloom, floret, or bud in a spray or on a stem as one flower.

Reversed Diagonal Design – Featuring a strong diagonal line of material long enough to show parallelism that reverses upon itself at the top and comes back toward the beginning.

Tray Setting – Design should be functional and well balanced. Components are to be in scale with one another. Use only essential items.

Traditional Design – A S-curve or Hogarth is a combination of arcs from a circle; upper arc is generally longer and stronger while the lower arc is shorter.

Vibratile Design –Creative Design characterized by vibration and sound. The sound-making device must be an integral part of the design, not something added for the sole purpose of sound.

6. Place 6 equal bars of your choice on a plate.

Recipe: Scones

In a food processor, mix until coarse crumbs:

- 2 cups All-Purpose Flour
- 1/3 cup Granulated Sugar
- 1 teaspoon Baking Powder
- 1/2 teaspoon Salt
- 1/4 teaspoon baking soda
- 1 stick butter, cold and cut into pieces
- 1/2 cup Currants, Raisins or Cranberries

Whisk Together:

- 1/2 cup Sour Cream
 - 1 Large Egg
- And add to the above.

Transfer dough to a floured surface and pat into a circle 3/4" thick.

Sprinkle top with sugar and cut into 8 wedges.
Place wedges in a container and freeze.

Bake frozen scones on a parchment lined sheet pan at 400° for 15-17 minutes, on lower oven rack. When cool, drizzle with a powdered sugar/milk glaze and flavor of your choice (to compliment the fruit you are using).

*This recipe is created using a food processor. If that's not available, use a pastry blender to cut the cold butter into the dry ingredients until you have coarse crumbs, then follow the remaining instructions.

Place 4 scones on a tray, plate, etc. of your choice for judging.

Since this is a very simple, no-fail recipe, the presentation of said item will play a key role in the judging. So be creative and Good Luck Bakers!

JUNIOR FAIR RULES & REGULATIONS

I. THE PURPOSE OF THE JUNIOR FAIR

The purpose of the Junior Fair shall be to promote and encourage agriculture, horticulture, production of better livestock and to improve domestic, commercial and educational interests of the young people of Williams County.

II. ELIGIBILITY

Any boy or girl belonging to the following organizations in Williams County: FFA Chapters and Agri-Science Classes, 4-H Members or Other Youth Organizations

1. Boys and girls who are regularly enrolled in any of the above named organizations are eligible to show providing they have complied with the rules of the Junior Fair as given in this premium book. Exhibitors must successfully meet all requirements of their youth organizations before being eligible to exhibit for competition.
2. Other youth organizations that are affiliated with county, state and national organizations.
3. There shall be two classes of exhibits on exhibition at the Jr. Fair, individual and group. Individual exhibits and awards shall be limited to those organizations supported whole or part by public monies as specified by revised code of the General Assembly of the State of Ohio. At the present time, this includes 4-H and FFA.
4. Members' entries must fit into the divisions allowed for their organizations by the Junior Fair (e.g. only 4-H members may exhibit in the 4-H project classes; only 4-H and FFA members may exhibit in the livestock classes; other specific project eligibility are listed by department.)
5. Should an exhibitor belong to both a 4-H club and a FFA chapter in the same county, in all cases, the projects must be separate and different. Examples of separate and different projects are breeding-market lamb; beef breeding-market beef; cows in production-dairy heifer not freshened; horse production-horse riding; and laying hens-market poultry.
6. The Ohio Department of Agricultural requires all youth who produce livestock for breeding, market and/or produce a marketable livestock commodity (i.e., milk) to attend a general Livestock Quality Assurance program each year or test out at the appropriate age level. Any youth failing to meet this requirement will not be permitted to exhibit livestock (excluding dogs, breeding rabbits, llama and small animals) at the Ohio State Fair and the Williams County Fair. Check 4-H Calendar for LQA and testing dates. Deadline is June 1 of current year.
7. Livestock Project Interview: All 4-H and FFA members must pass an oral interview for each project enrolled to exhibit and/or sell that project animal (s) at the Williams County Fair. Any youth failing to pass the interview will

receive a letter stating such. The Junior Fair eligibility for the respective specie(s) will be at the discretion of the Senior Fair Board Livestock Committee. Note: Definition of pass: Have the project book and feed record completed to date, completed one page report either in book or on separate paper (one report per species) and attempt to answer oral questions that are taken from the project book(s). Livestock Interviews will be held in August of current year. Anyone not able to attend on the original interview date should contact the OSU Extension office prior to that date to schedule an early interview. Early interviews must be completed before the regularly scheduled interview date. Youth missing the official Livestock Interview date will have no more than 7 days following the official interview date to pay a fee of \$50, payable to the Williams County Ag. Society, complete the Livestock Interview and turn in an entry form. Anyone missing both deadlines will not be able to exhibit an animal at the Williams County Fair for the current year and should complete their project(s) with an educational display.

8. Entry Forms are to be turned in at Livestock Interviews or at the time of Early Livestock Interviews. All FFA Farm Shop and Farm Products Department entries must be turned in by June 1 of the current year.
9. All animals must comply with health requirements of the Williams County Fair and Ohio State Department of Agriculture.
10. All animals (exhibits) must be fully owned as evidenced by a bill of sale before June 1 of current year; with the exception of the pen of three market chickens and beef projects. Be sure to check with each division for different rules.
11. Any project not meeting all Jr. Fair project requirements will not enter the fairgrounds.

JUNIOR FAIR RULES & REGULATIONS

4-H and Cloverbud Membership Policy

Ohio 4-H Membership is the youth development initiative of Ohio State University Extension and is open to all boys and girls in Ohio. Cloverbud membership is open to youth 5-8 years old and in grades K-2. Cloverbuds is a non-competitive program. Traditional 4-H membership begins when the youth is at least eight years of age and in the third grade as of January 1. A member must not have passed his or her 19th birthday on January 1 of the current year. 4-H enrollment deadline is April 1 with April 15th being the deadline for changes. Only traditional 4-H club members can exhibit livestock, compete for awards or sell livestock at the Williams County Junior Fair. 4-H Livestock project books must be up-to-date when junior fair entry forms are submitted. 4-H members must attend four club meetings or club activities to compete by Livestock Interview & Skillathon event.

4-H membership across county lines

Ohio State University Extension administers the 4-H youth development education program whose mission is to develop youth to reach their fullest potential as capable, competent, caring, and contributing citizens. Each county in Ohio conducts the 4-H youth development program to accomplish this goal. In order to affirm Ohio State Extension's position concerning across county (and/or state lines) 4-H membership and establish guidelines in this area to fulfill the above mission, the following philosophy and process statements are provided.

1. Youth are expected to affiliate with the program in their county of residence. 4-H membership in a county other than the county of residence is limited to an individual who may live in one county very close to a county line, but is logically oriented to another county by school district, church, town or city corporation limits, and/or other governmental boundaries.
2. 4-H membership in two counties simultaneously is NOT possible. Youth must choose one county.
3. It is recognized that limited situations may occur where membership in a county other than the county of residence

might be positive. The Educators in both counties must be in agreement that the change should occur. This agreement should be based on their professional judgment in accord with the opening paragraph of this policy. Please contact the OSU Extension Office in Williams County to request an "Across County Lines" form.

4. Any change motivated by perceived competitive or sale advantage, any change due to controversial issues, or other similar motivations will not be seen as justified reasons for consideration for membership in a county other than the county of residence, and should be automatically rejected by the Educators involved.

FFA Membership

In FFA, entries are open to regularly enrolled high school Agriculture students and enrolled in their school FFA Chapter, of the same year in which an entry is made. Exhibits must be a part of the student's occupational experience program, and follow all Junior Fair rules for exhibit and competition.

III. LIVESTOCK PROJECT BOOKS (UPDATED)

1. All livestock projects books will be considered complete at the end of the Livestock Interview.

9. If an animal designated for the Jr. Fair Sale dies during the fair, the exhibitor cannot participate in the Jr. Fair Sale. Exhibitors will still receive premiums earned.
10. Once an animal leaves the fairgrounds, it will not be allowed to return.

V. HEALTH REGULATIONS

1. Effective 2009, health certificates are not required unless animals have to cross a state line to attend the Williams County Fair.
2. Completed DU NF forms must be completed on line prior to arrival/weigh in at the fair. Livestock is to be exercised in designated areas. No livestock is permitted to be exercised on the midway, nor in the camping area.
3. **All animals are to be dehorned and healed prior to fair with no regrowth that is pointed and/or dangerous. If, in a dehorned animal, there is regrowth (scurs), which resembles horn/horns, that animal will be evaluated by the official fair veterinarian. The exception to this rule would be Angora Goats and breeding Boer does and breeding Scottish Highland cattle per breed standards of showing.
4. Completed DUNF papers must be turned in at time of weigh-in. One DUNF required for each market animal. Pen of 3 market poultry and pen of 3 market rabbits require only one DUNF per pen.

In case of these exceptions, another boy or girl who is a Junior Fair member may exhibit the animal with the authorization of the Superintendent in charge. If a Junior Fair Livestock Exhibitor cannot be present at the time of judging the exhibitor will need to present to the Junior Fair Board office a written permission notice signed by the parent.
2. Show attire should include clean, neat appropriate clothing. This includes hard soled shoes. No writing, farm name, advertising or 4-H or FFA logos permitted on clothing. Refer to individual department rules for specific dress code.

**Department #900 Junior Fair Horse
Exhibitor Rules & Regulations**

A. Rules and Regulations

1. Equine Identification Form must be on file by June 1st, with the OSU Extension Office. If equine ID forms and vaccination forms are not turned in by specified dates, the named equine is ineligible for Ohio State Fair (PAS) and the Williams County Fair.
2. All equine exhibitors must attend a minimum of one Williams County Quality Assurance to be eligible to participate at the Williams County Fair. Also all required films, forms, etc. must be completed.
3. All equine that will be exhibited at the Williams County Fair must be vaccinated for Eastern and Western Encephalitis, Influenza, Herpes/Rhino, West Nile, and Tetanus. All exhibitors must sign and turn in required vaccination form stating that the vaccines were administered to the equine by the first Thursday in June (official Williams County Horse and Pony measurement date).
