Message from the President

Welcome All Residents & Guests of the Williams County Fair,

In 2025 we saw the fair continue to have good attendance. A Sold out Grandstand, with standing room only in the Pits and 162 cars in the Demo Derby on Friday Night. The new First Responders class was a big hit and we look forward to more competition this year. The North Midway entertainment continues to be a hit. This year the North Midway will bring new entertainment with “Patriot Laser Tag”, “Hot Diggity Dog And More Show”, The “All American Petting Zoo”, “Pig Races”, and the return of our Wood Carver. Grandstand events include Rough E Rodeo, Concert with “The Isaac’s & The Bellamy Brothers”, High School Band Show, Horse Pulls, Harness Racing, Youth Night, Demo Derby and KOI Drag racing. Rides and games provided by Poor Jack Amusements.

The Junior Fair exhibitors will be showing the results of their hard work with their animals in the Livestock Pavilion, and still projects in the 4-H building and the FFA in the Rural Building. The

week will end with the Livestock Sale on Saturday 9/19/26 in the Livestock Pavilion. We had another record year in 2025 at the sale. The continued support for these young people by the community and businesses is unprecedented.

For improvements this year we completed the renovations on the Rural/FFA Building from the Grant money we received. The Pork Producers have sponsored the purchase of the holding pen gates for the swine show. You will see a new eating area north of the Gillette building, the tent is being replaced with a concrete pad and metal overhead roof. The Fair Foundation replaced the roof on the Junior Fair Office and the Grandstand restrooms.

New this year, you have asked in person and commented on Social Media that you wanted to see a concert back at the fair so we have taken the plunge and are offering a Concert on Sunday night at the Grandstand with The Isaacs & The Bellamy Brothers. The concert will feature christian and country music. We look forward to you all supporting the concert so more can follow in the future.

As always we Thank You for Attending. Remember to Thank the Senior, Junior and Auxiliary board members for their hard work and dedication to the Fair. We look forward to seeing you all at the fair.

In Service & Friendship,

Pam Goll, President

We are Humbled and grateful to serve all of you.

Come Enjoy the
Animal & Me
Program Show
Tuesday, September 15
at 6:30 PM in the Show Pavilion

The Animal & Me Program provides an opportunity for differently abled individuals to have the opportunity to show animals at the Williams County Fair. Individuals will be mentored by a Junior Fair Youth with their animals, that are willing to share their love of Junior Fair Livestock projects. Individuals will have the opportunity to work together with the animals prior to the fair and then will show them at the fair. Mentors are learning to teach, and the Mentees are learning new-skills, and how to care for animals. The smiles on their faces tell the whole story.

What is the Williams County Junior Fair?

Williams County Junior Fair is the showcase of projects completed by youth involved in FFA, 4-H, Boy Scouts, Girl Scouts, and Farm Bureau Youth. The Jr. Fair program is part of the Williams County Fair, which is organized and administrated by the WCAS (a.k.a. Senior Fair Board). The fair provides the opportunity for youth to exhibit the results of their project efforts, to have a project evaluated by a hired judge and to compete for awards and prizes. Participation at the county fair is not required for project completion, although it is strongly encouraged. Participation is required; however, to receive a premium. Rules and regulations for the Jr. Fair are designed to promote maximum educational experiences. They are created in part by the Junior Fair Board along with the Sr. Fair Board.

What is the

Williams County Agricultural Society?

The WCAS (Senior Fair Board) supports Williams County 4-H by sponsoring a Williams County Jr. Fair. They are the legal sponsoring authority. They assign Sr. Fair Board members to work with the Jr. Fair and Jr. Fair Board activities. The Fair Board offers premiums for exhibiting, pays for judges, ribbons, electricity, sawdust for shows and supplies necessary to operate the Junior Fair efficiently. They also decide which buildings and facilities will be used. The Sr. Fair Board has final say on the Junior Fair rules which are recommended by the 4-H Advisory Council and Junior Fair Board. The Sr. Fair Board obtains judges for the Senior and Junior Fair. Passes are available to 4-H members over 12 years of age. The Sr. Fair Board is responsible for distributing members' passes. The Sr. Fair Board meetings are held on the third Thursday of each month. All buildings and facilities on the fairgrounds belong to the Sr. Fair Board regardless of the source of money.

JUNIOR FAIR RULES & REGULATIONS

I. THE PURPOSE OF THE JUNIOR FAIR

The purpose of the Junior Fair shall be to promote and encourage agriculture, horticulture, production of better livestock and to improve domestic, commercial and educational interests of the young people of Williams County.

II. ELIGIBILITY

Any boy or girl belonging to the following organizations in Williams County: FFA Chapters and Agri-Science Classes, 4-H Members or Other Youth Organizations

1. Boys and girls who are regularly enrolled in any of the above named organizations are eligible to show providing they have complied with the rules of the Junior Fair as given in this premium book. Exhibitors must successfully meet all requirements of their youth organizations before being eligible to exhibit for competition.
2. Other youth organizations that are affiliated with county, state and national organizations.
3. There shall be two classes of exhibits on exhibition at the Jr. Fair, individual and group. Individual exhibits and awards shall be limited to those organizations supported whole or part by public monies as specified by revised code of the General Assembly of the State of Ohio. At the present time, this includes 4-H and FFA.
4. Members' entries must fit into the divisions allowed for their organizations by the Junior Fair (e.g. only 4-H members may exhibit in the 4-H project classes; only 4-H and FFA members may exhibit in the livestock classes; other specific project eligibility are listed by department.)
5. Should an exhibitor belong to both a 4-H club and a FFA chapter in the same county, in all cases, the projects must be separate and different. Examples of separate and different projects are breeding-market lamb; beef breeding-market beef; cows in production-dairy heifer not freshened; horse production-horse riding; and laying hens-market poultry.
6. The Ohio Department of Agricultural requires all youth who produce livestock for breeding, market and/or produce a marketable livestock commodity (i.e., milk) to attend a general Livestock Quality Assurance program each year or test out at the appropriate age level. Any youth failing to meet this requirement will not be permitted to exhibit livestock (excluding dogs, breeding rabbits, llama and small animals) at the Ohio State Fair and the Williams County Fair. Check 4-H Calendar for LQA and testing dates. Deadline is June 1 of current year.
7. Livestock Project Interview: All 4-H and FFA members must pass an oral interview for each project enrolled to exhibit and/or sell that project animal (s) at the Williams County Fair. Any youth failing to pass the interview will

receive a letter stating such. The Junior Fair eligibility for the respective specie(s) will be at the discretion of the Senior Fair Board Livestock Committee. Note: Definition of pass: Have the project book and feed record completed to date, completed one page report either in book or on separate paper (one report per species) and attempt to answer oral questions that are taken from the project book(s). Livestock Interviews will be held in August of current year. Anyone not able to attend on the original interview date should contact the OSU Extension office prior to that date to schedule an early interview. Early interviews must be completed before the regularly scheduled interview date. Youth missing the official Livestock Interview date will have no more than 7 days following the official interview date to pay a fee of \$50, payable to the Williams County Ag. Society, complete the Livestock Interview and turn in an entry form. Anyone missing both deadlines will not be able to exhibit an animal at the Williams County Fair for the current year and should complete their project(s) with an educational display.

8. Entry Forms are to be turned in at Livestock Interviews or at the time of Early Livestock Interviews. All FFA Farm Shop and Farm Products Department entries must be turned in by June 1 of the current year.
9. All animals must comply with health requirements of the Williams County Fair and Ohio State Department of Agriculture.
10. All animals (exhibits) must be fully owned as evidenced by a bill of sale before June 1 of current year; with the exception of the pen of three market chickens and beef projects. Be sure to check with each division for different rules.
11. Any project not meeting all Jr. Fair project requirements will not enter the fairgrounds.

JUNIOR FAIR RULES & REGULATIONS

4-H and Cloverbud Membership Policy

Ohio 4-H Membership is the youth development initiative of Ohio State University Extension and is open to all boys and girls in Ohio. Cloverbud membership is open to youth 5-8 years old and in grades K-2. Cloverbuds is a non-competitive program. Traditional 4-H membership begins when the youth is at least eight years of age and in the third grade as of January 1. A member must not have passed his or her 19th birthday on January 1 of the current year. 4-H enrollment deadline is April 1 with April 15th being the deadline for changes. Only traditional 4-H club members can exhibit livestock, compete for awards or sell livestock at the Williams County Junior Fair. 4-H Livestock project books must be up-to-date when junior fair entry forms are submitted. 4-H members must attend four club meetings or club activities to compete by Livestock Interview & Skillathon event.

4-H membership across county lines

Ohio State University Extension administers the 4-H youth development education program whose mission is to develop youth to reach their fullest potential as capable, competent, caring, and contributing citizens. Each county in Ohio conducts the 4-H youth development program to accomplish this goal. In order to affirm Ohio State Extension's position concerning across county (and/or state lines) 4-H membership and establish guidelines in this area to fulfill the above mission, the following philosophy and process statements are provided.

1. Youth are expected to affiliate with the program in their county of residence. 4-H membership in a county other than the county of residence is limited to an individual who may live in one county very close to a county line, but is logically oriented to another county by school district, church, town or city corporation limits, and/or other governmental boundaries.
2. 4-H membership in two counties simultaneously is NOT possible. Youth must choose one county.
3. It is recognized that limited situations may occur where membership in a county other than the county of residence

might be positive. The Educators in both counties must be in agreement that the change should occur. This agreement should be based on their professional judgment in accord with the opening paragraph of this policy. Please contact the OSU Extension Office in Williams County to request an "Across County Lines" form.

4. Any change motivated by perceived competitive or sale advantage, any change due to controversial issues, or other similar motivations will not be seen as justified reasons for consideration for membership in a county other than the county of residence, and should be automatically rejected by the Educators involved.

FFA Membership

In FFA, entries are open to regularly enrolled junior high and high school, agricultural students and are enrolled in their school FFA Chapter of the same year in which an entry is made. Exhibits must be a part of the student's occupational experience program, and follow all Junior Fair rules for exhibit and competition.

2. Completed DU NF forms must be completed on line prior to arrival/weigh in at the fair. Livestock is to be exercised in designated areas. No livestock is permitted to be exercised on the midway, nor in the camping area.
3. **All animals are to be dehorned and healed prior to fair with no regrowth that is pointed and/or dangerous. If, in a dehorned animal, there is regrowth (scurs), which resembles horn/horns, that animal will be evaluated by the official fair veterinarian. The exception to this rule would be Angora Goats and breeding Boer does and breeding Scottish Highland cattle per breed standards of showing.
4. Completed DUNF papers must be completed online at time of weigh-in. One DUNF required for each market animal. Pen of 3 market poultry and pen of 3 market rabbits require only one DUNF per pen.

This determination will be made by the Senior Fair Board Superintendent in charge of the respective division and the Senior Fair Board Livestock Committee members. Their decision is final.

VI. CODE OF ETHICS/ PRACTICES

1. Participation in Jr. Fair should be considered a privilege. All Jr. Fair rules must be followed.
2. Be cooperative to all Jr. and Sr. Fair officials, volunteers, parents, and members of the public.
3. Practice good sportsmanship in all fair events or activities.
4. Exhibitors should make quality their goal in all exhibits (livestock exhibitors refer to the Code of Practices on care of animals.)
5. Parental help is allowed. Guiding and teaching members to do the work, that they are capable of doing, should be the primary goal.

Code of Practices

The following describes general responsibilities of the exhibitor and all persons in their authority, in the proper care and handling of animals raised for food and fiber.

1. To provide food, water and care necessary to protect the health and welfare of animals.
2. To provide a safe and healthy environment for animals, that is clean, well-ventilated and provides ample space.
3. To use humane and sanitary methods when it becomes necessary to dispose of animals.
4. To make timely inspections of all animals to evaluate the health and ensure that all basic requirements are being met.
5. To ensure proper handling techniques are used to eliminate any undue stress or injury when manual manipulation is necessary.
6. To provide transportation for animals that avoids undue stress or injury caused by overcrowding, excessive time in transit or improper handling when loading or unloading.
7. To make management decisions based on scientific fact and to consider the welfare of the animals.

VII. STALL/HOUSING

1. Senior Fair Board livestock superintendents are in charge of assigning buildings or barns, or tents, if necessary, for the different livestock departments.
2. Each exhibitor is responsible for bringing necessary feed, water, equipment and bedding to properly maintain exhibits until end of fair.
3. Aisles, stalls and/or pens are to be kept clean throughout the fair. After the sale, manure is to be removed from the

JUNIOR FAIR RULES & REGULATIONS

stalls/pens. There will be no cleaning of pens during the show for that species or during the sale. Junior Fair Board and Senior Fair Board Superintendents can down grade the premium for not maintaining proper care of animals exhibited.

VIII. SHOWING/FITTING

1. Junior Fair exhibitors must show their own animals. Exceptions will be made only for exhibitors who may be physically impaired, who have two animals entered in the same class, or an exhibitor is absent on show day due to other commitments. In case of these exceptions, another boy or girl who is a Junior Fair member may exhibit the animal with the authorization of the Superintendent in charge. If a Junior Fair Livestock Exhibitor cannot be present at the time of judging the exhibitor will need to present to the Junior Fair Board office a written permission notice signed by the parent.

IX. JUNIOR LIVESTOCK TAMPERING AND/OR MISREPRESENTATION

1. Any exhibitor entered or planned to enter the Junior Fair classes that are misrepresented or exhibited with unacceptable practices may be removed from the Junior Fair Show and Sale and may forfeit premiums and awards. The interpretation and enforcement of these rules and all Junior Fair rules will be made by the Rules Interpretation Committee. No Magnawave/Beemer type treatments at the fair, will result in disqualification.
2. Tampering and/or misrepresentation as to breeding, age, ownership, custody and any other irregularity in showing will be considered fraud and deception. Recommend Jean/pants and shirt with color except where there is specie specific attire, such as white pants.

LIVESTOCK EXHIBITION FACT SHEET

*by Dennis M. Summers, DVM, DACVPM
State Veterinarian, Ohio Department of Agriculture*

The Ohio Livestock Show Reform Act authorizes the Director of Agriculture to adopt mandatory and optional rules. Mandatory rules apply to all livestock shows, while the sponsor has the option to opt out of the optional rules on an individual rule basis. If a sponsor decides not to opt out of an optional rule, the rule then becomes mandatory. The following is a clarification of how the statute (Ohio Revised Code) and rules (Ohio Administrative Code) are to be interpreted and applied at all **terminal, partial terminal, and non-terminal** livestock exhibitions in Ohio:

1. Livestock means any animal generally used for food or in the production of food, including cattle, sheep, goats, rabbits, poultry, swine, alpacas, and llamas. Equids are not considered market livestock.
2. An exhibition can be a livestock show at a fair or elsewhere or a livestock sale at or associated with a fair or livestock show that is assembled for any length of time. Livestock exhibitions include county and independent fairs and the Ohio State Fair.
3. A sponsor is any entity who conducts an exhibition.
4. The sponsor **may** opt out of any or all the optional rules at least **30 days prior to the opening** day of the exhibition (Forms may be requested by contacting ODA at 614-728-6220, option 1 or cindy.bodie@agri.ohio.gov).
5. Exhibitors shall annually attend or complete a [quality assurance program](#) before exhibiting terminal or partial terminal market livestock, or at the option of Ohio State University Extension, annually pass a test administered by or under the supervision of Ohio State University Extension.
6. Exhibitors may pass a test based on age and skill level to be exempt from quality assurance re-certification. This exemption is at the discretion of OSU Extension or Ohio agricultural education.
7. Exhibitors who fail to attend or complete a quality assurance program or fail to pass the exam may be subject to the disciplinary actions.
8. [Effective January 1, 2027](#), all cattle and swine are to be minimally identified with an official eartag. The sponsor is responsible for ensuring that all cattle and swine are officially tagged.
10. The department does not require a Certificate of Veterinary Inspection for exhibition livestock originating in Ohio, including swine. However, an exhibition sponsor can choose to require additional regulations above those of the department.
11. Drenching of livestock is prohibited at an exhibition unless prescribed by the official veterinarian.
12. Applying any physical practice, electrical or mechanical appliance, device, or appliance that enhances, transforms, or changes the true conformation, configuration, performance, physiological state, or appearance of the livestock, unless prescribed by the exhibition veterinarian for the immediate treatment and welfare of the livestock is prohibited. If such treatment is applied during the exhibition, the livestock is ineligible to be shown.
13. Hitting, striking, beating, or otherwise impacting livestock that induces swelling or enhances, transforms, or changes the natural conformation, configuration, performance, physiological state, or appearance of the livestock is prohibited.
14. Tampering of livestock is unlawful and prohibited. Tampering means the injection, or other internal or external administration of any product or material, whether gas, solid, or liquid, to livestock for the purpose of concealing, enhancing, transforming, or changing the true conformation, configuration, condition, or age of the livestock or making the livestock appear more sound than it actually is. Tampering also means the use or administration, for cosmetic purposes, of steroids, growth stimulants, or internal artificial filling, including paraffin, silicone injection, or any other substance.
15. **Prohibited Grooming Practices** (Rule 901-19-33 of the Administrative Code) and **Unacceptable Practices** (Rule 901-19-13 of the Administrative Code) are **mandatory** rules and apply to all exhibitions.

“Slick clipping” or “body shaving” means having hair that is less than one half inch in length on the body of market hogs.

16. Even if the sponsor opts out of one or more of the optional tampering rules, the statute **prohibits the use of any material, gas, solid, or liquid, that conceals, transforms, or enhances the true confirmation or configuration of all livestock, including by way of example but not limited to rope, false hair, graphite, and hemp.**
17. For **breeding classes**, the rules of the breed association will constitute **acceptable** grooming practices.
18. Junior market livestock shows at county and independent fairs and the Ohio State Fair are defined as either terminal or partial terminal shows. Partial means that at least the grand and reserve grand champion livestock are required to go to slaughter or **directly** to a licensed livestock facility for slaughter only. Terminal means all market livestock go to slaughter or **directly** to a licensed livestock facility for slaughter only.
19. Preview and jackpot shows and breeding classes are **non-terminal shows**.
20. At all terminal, partial terminal, and non-terminal shows **urine samples** may be collected for drug testing.
21. A Drug Use Notification Form (DUNF) **will be required** to be completed for all livestock for which a test sample is collected.
22. **IMPORTANT for 2026! Drug Testing results and reporting times may be delayed for several days with confirmatory testing.** Please be aware and make appropriate plans to hold animals until results are final.
23. The Director of Agriculture requires a DUNF to be completed for livestock including market beef, market hogs, market lambs, veal calves, market dairy cattle, market goats, market poultry, lactating dairy animals, market rabbits, and feeder cattle. The DUNF will **be reviewed locally**. DUNF’s are to be completed for **feeder cattle**.
24. For all shows, the statute **prohibits** the misuse of legal drugs (including but not limited to the use of drugs approved for use in humans but not approved for animal use) and the use of illegal drugs.
25. The statute **prohibits** the showing of **tranquilized** livestock, including products such as Calf Calm or FerApease, and use of **diuretics for cosmetic purposes**.
26. All livestock entered in a carcass contest at a terminal, partial terminal, and non-terminal show must be **drug free on the day of show, which means:**
 - the FDA withdrawal time must have elapsed by the day of show, and
 - the drug must not exceed the tolerance level on the day of show.
27. Immediately before or during a terminal and partial terminal show and sale and within a **valid veterinarian-client-patient-relationship (VCPR)** or for a **valid medical purpose** a drug or an over the counter (OTC) drug may be used if it is:
 - **declared on a DUNF;**
 - **the livestock will be exhibition drug residue legal at the start of the show and;**
 - **the drug's side effects do not conceal, enhance, transform, or change the true conformation or condition of the livestock.** Any such permitted drug use must be **disclosed at the time of sale**.
28. The drug use notification form shall be filed with the records official **prior** to the show in which the animal is entered. If at any time, the information on the original drug use notification form changes, an updated form shall be filed **immediately** with the records official.

The preceding is not intended to be an all-encompassing review of the statute and rules as they pertain to livestock exhibitions in Ohio. Exhibitors, exhibition sponsors, parents, advisors, and veterinarians are encouraged to call the Ohio Department of Agriculture, Cindy Bodie, Program Administrator, or Dennis M. Summers, DVM, DACVPM, State Veterinarian at 614-728-6220 with any questions. The success of this program is based on the continued input and cooperation of educators, industry, and government. Through your continued support, Ohio will continue to be a national leader in livestock show reform.

All Equine Classes: A - \$4.00 B - \$3.50 C - \$3.00

Department #900 Junior Fair Horse Exhibitor Rules & Regulations

A. Rules and Regulations

1. Equine Identification Form must be on file by June 1st, with the OSU Extension Office. If equine ID forms and vaccination forms are not turned in by specified dates, the named equine is ineligible for Ohio State Fair (PAS) and the Williams County Fair.
2. All equine exhibitors must attend a minimum of one Williams County Quality Assurance to be eligible to participate at the Williams County Fair. Also all required films, forms, etc. must be completed.
3. All equine that will be exhibited at the Williams County Fair must be vaccinated for Eastern and Western Encephalitis, Influenza, Herpes/Rhino, West Nile, and Tetanus. All exhibitors must sign and turn in required vaccination form stating that the vaccines were administered to the equine by the first Thursday in June (official Williams County Horse and Pony measurement date).
4. All equine must be measured on the official county horse measuring date if the animal is 5 years old and younger, or has never received an official height measurement for the Williams County Fair. The exception is that if an equine measure 58 inches or above any time before age 5, a measurement is not required. All measurements are final. Pony height is 58-inches or less. Horse height is anything over 58-inches.
5. Uniform Rules for 4-H Horse Shows, except grouping of classes, will be the official guidelines.
6. All youth age 19 and under, participating in any 4-H equestrian activity, are required to wear properly fitted protective headgear which meets or exceeds current ASTM (American Society for Testing and Materials)/SEI (Safety

It is the responsibility of the rider, or the parent/guardian of the youth participant, to make sure that the headgear worn complied with appropriate safety standards for protective headgear intended for equestrian use, and is properly fitted and in good condition. The Ohio 4-H Horse Program, show committees, officials, Extension personnel and volunteer leaders are not responsible for checking headgear worn for such compliance. The Ohio 4-H Horse Program, show committees, officials, Extension personnel and volunteer leaders make no representation or warranty, expressed or implied, about any protective headgear and cautions riders that death or serious injury may result despite wearing such headgear, as no helmet can protect against all foreseeable injuries in equestrian activities. The Ohio 4-H Horse Program, show committees, officials, Extension personnel and volunteer leaders may, at his/her discretion, check a participant's protective headgear for proper standards. If the youth is found to be wearing unapproved defective or improperly fitting headgear, he/she is not permitted to participate in riding or driving activities until proper headgear is acquired.
