Department #900 Junior Fair Horse Exhibitor Rules & Regulations

A. Rules and Regulations

1. Equine Identification Form must be on file by June 1st, with the OSU Extension Office. If equine ID forms and vaccination forms are not turned in by specified dates, the named equine is ineligible for Ohio State Fair (PAS) and the Williams County Fair.
2. All equine exhibitors must attend a minimum of one Williams County Quality Assurance to be eligible to participate at the Williams County Fair. Also all required films, forms, etc. must be completed.
3. All equine that will be exhibited at the Williams County Fair must be vaccinated for Eastern and Western Encephalitis, Influenza, Herpes/Rhino, West Nile, and Tetanus. All exhibitors must sign and turn in required vaccination form stating that the vaccines were administered to the equine by the first Thursday in June (official Williams County Horse and Pony measurement date).
4. All equine must be measured on the official county horse measuring date if the animal is 5 years old and younger, or has never received an official height measurement for the Williams County Fair. The exception is that if an equine measure 58 inches or above any time before age 5, a measurement is not required. All measurements are final. Pony height is 58-inches or less. Horse height is anything over 58-inches.
5. Uniform Rules for 4-H Horse Shows, except grouping of classes, will be the official guidelines.
6. All youth age 19 and under, participating in any 4-H equestrian activity, are required to wear properly fitted protective headgear which meets or exceed current ASTM (American Society for Testing and Materials)/SEI (Safety Equipment Institute) standards with the chin harness securely fastened at all times while riding or driving an equine on the Williams County Fairgrounds. It is the responsibility of the rider, or the parent/guardian of the youth participant, to make sure that the headgear worn complied with appropriate safety standards for protective headgear intended for equestrian use, and is properly fitted and in good condition, The Ohio 4-H Horse Program, show committees, officials, Extension personnel and volunteer leaders are not responsible for checking headgear worn for such compliance. The Ohio 4-H Horse Program, show committees, officials, Extension personnel and volunteer leaders make no representation or warranty, expressed or implied, about any protective headgear and cautions riders that death or serious injury may result despite wearing such headgear, as no helmet can protect against all foreseeable injuries in equestrian activities. The Ohio 4-H Horse Program, show committees, officials, Extension personnel and volunteer leaders may, at his/her discretion, check a participant's protective headgear for proper standards. If the youth is found to be wearing unapproved defective or improperly fitting headgear, he/she is not permitted to participate in riding or driving activities until proper headgear is acquired.
