You replied to their story

you're probably still
thinking about the
2017 rally and the
response that followed
the show that was
the result of it and
what you did to
the rally and the
response and how to
prepare and how to
deal with the
2017 rally

What we doin?

we got some stuff we're planning on
doing 🤔

just know it's not peaceful

mask or a respirator then some
goggles n stuff yk the basics 🤖
