Dr. Dwayne Anthony Walker Pastor

January 1, 2022

Dear Beloved,

Happy New Year, I pray you and yours are well.

I want to assure you that we remain committed to following all of the proper protocols as it relates to this pandemic. I encourage each of our members to get fully vaccinated and tested regularly for covid-19. This Omicron variant is wreaking havoc and is extremely contagious.

If you are showing symptoms, please stay home. If you have been exposed to anyone who has tested positive, please get tested as soon as possible to know your status. If you have tested positive and have been at church in close contact with anyone, please inform us so that we can alert those who were near or around you.

On Saturday, January 8, 2022, from noon to 3pm we will host a Vaccination and Testing Clinic in the Fellowship Hall. This will be a Walk-in Clinic. If you are exemplifying symptoms of this virus, please do not wait to be tested.

This is nothing to be embarrassed about. Anyone can be susceptible to this virus. We need to take this seriously. I assure you, that if we see that the numbers aren't declining, we will return to virtual worship only.

Please stay safe, stay tuned and stay in prayer.

Peace and Blessings,

Dr. Dwayne Anthony Walker, Pastor
