

14-01-2016

Dear Shareholders,

Global & Steriwave's international sister Company, Vectrance Group has been awarded the engineering management of ENEL's nuclear plant in Slovakia, which includes the project process design, engineering & planning etc.

Vectrance has also been awarded the construction supervision of GDF Suez gas power plant in Morocco, Safi.

Since 2014, Vectrance is the PMC of Holcim Lafarge, which is the world leader in cement. In 2016 Vectrance group growth stands at +120% per annum.

Sincerely,

Global/Steriwave & Vectrance management
