### SHBP Medical Policies & Clinical Guidelines Precertification Code List

**AIM Specialty Health<sup>SM</sup> (AIM)** – AIM is a nationally recognized leader in specialty benefits management. To submit your request for any of the services below, contact AIM online via AIM's

ProviderPortals at [aimspecialtyhealth.com/goweb](http://aimspecialtyhealth.com/goweb). From the drop down menu, select Anthem. You may also call AIM toll free at 866-714-1103, Monday – Friday, 8:00 AM – 6:00 PM ET.

**Diagnostic Imaging Management** – Diagnostic imaging management services are provided by AIM Specialty Health<sup>SM</sup> (AIM), a separate company, for certain health plan members. Diagnostic imaging services may be reviewed against AIM's Diagnostic Imaging Utilization Management Clinical Guidelines. AIM's clinical guidelines are available at <http://www.aimspecialtyhealth.com/marketing/guidelines/185/index.html>. If you have any questions about which guidelines are applicable, please call the customer service number on the back of the member's ID card.

#### **Radiation Therapy Services**

Review of Anthem Blue Cross and Blue Shield (Anthem) outpatient radiation therapy services are also done by AIM. Providers must contact AIM for prior authorization for the following non-emergency outpatient: Intensity Modulated Radiation Therapy (IMRT), Proton Beam Radiation Therapy, Stereotactic Radiosurgery (SRS)/Stereotactic Body Radiotherapy (SBRT) and Brachytherapy. Radiation therapy performed as part of an inpatient admission will continue to be reviewed through the Anthem's inpatient precertification process. Prior authorization is required through AIM for all Anthem members, with the exception of members with SHBP Anthem as secondary coverage.

#### **Outpatient Sleep Testing and Therapy Services**

The specialty benefit management program for outpatient sleep testing and therapy services for obstructive sleep apnea is administered by AIM and includes the following:

- Home sleep test (HST)
- In-lab sleep study (PSG)
- Titration study
- Initial treatment order (APAP, CPAP, BPAP, oral devices, appliances and related supplies)
- Ongoing treatment order (APAP, CPAP, BPAP, oral devices, appliances, and related supplies)

Anthem uses sleep diagnostic and treatment guidelines developed by AIM. AIM's Obstructive Sleep Apnea Diagnostic & Treatment Management Guidelines are available at <http://www.aimspecialtyhealth.com/goweb/sleep>. The precertification requirement applies to SHBP Anthem members. The requirement does not apply to those for whom Anthem is secondary coverage including those whose primary insurance carrier is Medicare.

#### **Specialty Medications**

For SHBP effective 7/1/19, the specialty meds criteria will be based on IngenioRx criteria, but still reviewed with SHBP's local UM department. Prior Authorization requirement does not indicate coverage. Please check benefits to see if the Specialty Medication is covered under Anthem Medical or CVS Caremark Pharmacy vendor. For questions regarding the specialty meds requiring precert, please call 855-668-6442.
