

LEFT-WING JEWS: A JEWISH AND AMERICAN TRAGEDY

Dennis Prager identifies 'one of the greatest libels in American history'

Dennis Prager is a nationally syndicated radio show host and creator of PragerUniversity.com. It is probably impossible to overstate the damage left-wing – not liberal but left-wing – Jews are doing to Judaism, Jews and America. Of course, the same can be said of the damage left-wing Catholics are doing to Catholicism and America, other left-wing Christians are doing to Christianity and America, and, most obviously, the damage the secular left-wing is doing. But since anti-Semitism is in the news, and given the prominence of many left-wing Jews, I will focus on them.

The damage done to Jews by left-wing Jews is not new. It began at the beginning of the left with Karl Marx, the grandson of two Orthodox rabbis (his parents had undergone pro forma conversion to Christianity). He wrote one of the most anti-Semitic tracts of the 19th century, "On the Jewish Question," published in 1844. In it he wrote, among other things: "What is the worldly religion of the Jew? Huckstering ..."

"What is his worldly God? Money ..."

"Money is the jealous god of Israel, in face of which no other god may exist ..."

"In the final analysis, the emancipation of the Jews is the emancipation of mankind from Judaism."

In the early 20th century, another left-wing Jew, Leon Trotsky, who, along with Lenin, led the Bolshevik Party in Russia, was a catastrophe for Jews and for humanity. In 1920, when Trotsky was head of the Red Army, Moscow's chief rabbi, Rabbi Jacob Mazeh, asked him to use the army to protect the Jews from pogromist attacks in which tens thousands of Jews were murdered. Trotsky is reported to have responded: "Why do you come to me? I am not a Jew," to which Rabbi Mazeh answered: "That's the tragedy. It's the Trotskys who make revolutions, and it's the Bronsteins who pay the price."

That is the story of the many Jewish leftists to this day: Jewish leftists make revolutions, and all the Jews (among millions of others) pay the price.

Thus, many of the leaders of the movement to economically strangle Israel – the Boycott, Divest, Sanctions (BDS) movement – are left-wing Jews.

A few years ago, I was invited to the world's most famous debating forum, the Oxford Union, to debate the farcical question of whether Israel or Hamas is a greater obstacle to peace in the Middle East. One of my two adversaries was a Jewish former professor at Oxford. He argued that Israel was a greater threat to peace than Hamas.

Another prominent left-wing Jew, MIT professor Noam Chomsky, has devoted his life to writing and speaking against two countries: the United States and Israel.

The security of the world's only Jewish state is by far the greatest security issue for world Jewry. Yet many left-wing Jews attack Israel, support many of those who wish to destroy Israel or, at the very least, do nothing to strengthen Israel's security.

In America today, leftism has poisoned so many non-Orthodox synagogues, they differ only from the American Civil Liberties Union or the Democratic Party in their use of Hebrew liturgy.

Many non-Orthodox synagogues sat shiva – Judaism's seven days of mourning after the death of an immediate relative – when Donald Trump was elected president. This perversion of Judaism is an example of what leftism does to every religion it infiltrates. I suspect none of those synagogues sat shiva after the murder of 11 Jews in Pittsburgh. Why? Did the election of Donald Trump bother them more? Left-wing Jews are ethnically Jewish, but their values derive from leftism (just as the current pope is Catholic in his identity but his values derive from leftism).

The current charge that the Pittsburgh massacre was caused by President Trump is one of the greatest libels in American history. Virtually every left-wing columnist and commentator has spread this lie, most of them written by left-wing Jews such as the Washington Post's Dana Milbank. One of their lies is that attacks on George Soros are anti-Semitic.

I think George Soros is a malevolent force. Am I an anti-Semite? (To answer that, let's compare what I have done for Jews and Judaism with what any of these left-wing Jews have done.) But left-wing Jews have always done this. They attributed the execution of the Rosenbergs – who, immoral leftists that they were, passed on the secrets to the atom bomb to Stalin – to anti-Semitism. The judge in the Rosenberg case was a Jew. But to left-wing Jews, that didn't matter. Ever since Stalin labeled Trotsky a "fascist," leftists have always depicted their opponents as "Nazis," "racists," "anti-Semites," "fascists," "haters" and "bigots." That is their modus operandi.

Many of these left-wing Jews base this libel about President Trump's "role" in the context of an equally libelous claim that there has been a great rise in American anti-Semitism in the Trump era – resulting in the Pittsburgh massacre – based on an Anti-Defamation League study. The study's mendacity is fully exposed by David E. Bernstein, a professor of law at George Mason University Law School and a Trump opponent, in two devastating reviews (one on Reason.com and one in Tablet Magazine). Read them and you will understand one of the most important things you need to know about the left: Truth is not a left-wing value. The ADL, which at one time was preoccupied with fighting anti-Semitism, is now preoccupied with fighting Donald Trump and fighting on behalf of the American left.

In 1970, a Harris study showed that 23 percent of Jewish college students termed themselves "far left" versus 4 percent of Protestants and 2 percent of Catholics.

Many of those college students are now many of the non-Orthodox rabbis and lay leaders in American Jewish life. Given the rule that whatever the left touches it ultimately ruins (the universities, for example), the Bronsteins will continue to pay the price for the Trotskys' revolutions.

Current Freedom Watch and Klayman cases and projects

By Larry Klayman

Citizens Grand Juries – Given the inaction of the Sessions' Justice Department, Freedom Watch is empaneling criminal grand juries to bring indictments against Special Counsel Robert Mueller, Deputy Attorney General Rod Rosenstein, James Comey, Bill and Hillary Clinton, Barack Hussein Obama, George Soros, Eric Holder and others who act as if They Are Above the Law. The inditees will then be tried, convicted and sentenced. We will then petition President Trump to arrest and have incarcerated the defendants. Under a 1992 landmark case styled United States v. Williams former Supreme Court Justice Antonin Scalia ruled that the grand jury belongs to We the People, not the three branches of government. Thus, this action is legal, proper and most of all necessary as the citizenry has no governmental Justice Department that will enforce the rule of law and the Constitution against elite establishment officials.

Wrongful Death Lawsuit Against Hillary Clinton – This case, which is now before the U.S. Supreme Court, seeks to hold the former First Lady, Senator, Secretary of State and failed presidential candidate legally accountable for the deaths of Ty Woods and Sean Smith, brave heroes who died with Ambassador Chris Stephens at Benghazi. The case was brought by the Gold Star parents, Patricia Smith and Charles Woods, for their fallen sons.

Class Action Lawsuit Against Google/YouTube, Facebook, Twitter, Apple and Instagram – This complaint, recently by Freedom Watch's Leftist Media Strike Force, seeks to hold these social media companies, all run by leftist CEOs, liable under the antitrust laws for agreements in restraint of trade to discriminate against conservatives and other non-leftist interests, thereby chilling free speech.

Defamation Suit brought by our client Sheriff Joe Arpaio against the New York Times for having viciously libeled him. This action was also brought by Freedom Watch's Leftist Media Strike Force, which seeks to hold the leftist "Fake News Media" legally accountable to the rule of law and common decency.

Continuing Cases Against the Obama Deep State Intelligence Agencies, such as the National Security Agency, Central Intelligence Agency and the Federal Bureau of Investigation for illegal and unconstitutional spying on the American citizenry. These cases are now before the U.S. Court of Appeals for the District of Columbia Circuit.

Defamation Suit in Mr. Klayman's capacity as a private lawyer on behalf of Alabama Chief Justice Roy Moore against Sacha Baron Cohen for his slanderous actions on Showtime.

Defamation Suit against the producers at NBC/Bravo and Andy Cohen, brought by Mr. Klayman in his private capacity, for having slandered a prominent fashion designer, Jackie Beard Robinson, accusing her of stealing clothing from Melissa Gorga of the Housewives of New Jersey.

Bivens Constitutional Suits brought by Mr. Klayman in his personal capacity for plaintiffs Ryan Bundy and others for gross prosecutorial misconduct, lying under oath and other crimes perpetrated against peaceful protesters exercising their First and Second Amendment rights during the famous successful standoff at the Bundy Ranch in Bunkerville, Nevada. The defendants are FBI Director James Comey, former Attorneys General Eric Holder, Loretta Lynch, current Attorney General Jeff Sessions and others by the FBI, Department of Justice and Bureau of Land Management.

Declaratory Judgment Action for Cliven Bundy brought on behalf of the citizens of Nevada to have state land, which the federal government falsely claims to own, in fact owned by the people of Nevada. This is a case which seeks to further and enforce state sovereignty has wide ramifications for ranchers and others in the western United States in particular who have been put out of business by the illicit and over-regulation and illegal actions of the federal government.

Defense of Appeal by Attorney General Jeff Sessions of the dismissal of the indictment against the Bundys. This case is currently before the U.S. Court of Appeals for the Ninth Circuit, the most radically leftist appellate court in the nation.

Complaint filed by the Gold Star parents of Seal Team Six and other special ops whose sons died on a mission code-named Extortion 17 against the Islamic Republic of Iran, the Taliban, former Afghan President Hamid Karzai and others for murder. Plaintiffs are now seeking a default judgment.

Lawsuit under the Freedom of Information Act to uncover illegal and criminal grand jury leaks by Special Counsel Robert Mueller and his leftist prosecutors harming the rights of President Donald J. Trump, his family and associates. The uncovering of these illegal and criminal grand jury leaks could result in Mueller's removal and the end to his "witch hunt" intended to destroy the Trump presidency.
