More Than \$217,000 to Strengthen Community Care Durham

WHITBY — The Ontario government is investing \$217,099 to strengthen Community Care Durham through two provincial funding programs that will improve community spaces and support critical infrastructure upgrades, ensuring the organization can continue delivering essential services to residents across Whitby and Durham Region.

The funding includes \$195,500 through the Ontario Trillium Foundation's (OTF) Capital grant stream and \$21,599 through the Community Infrastructure Renewal Fund (CIRF), part off Ontario's nearly \$15 million investment supporting infrastructure improvements at community health service providers across the province.

"Community Care Durham has been a trusted partner for families and seniors across our community for many years," said Lorne Coe, MPP for Whitby and Parliamentary Assistant to the Ministers of Children, Community and Social Services and Colleges, Universities, Research Excellence and Security. "These investments will help ensure the organization has safe, modern and accessible facilities so staff and volunteers can continue delivering the programs and services that so many residents rely on."

The Ontario Trillium Foundation's Capital grant stream helps non-profit organizations improve the spaces where they deliver programs and services through renovations, repairs, retrofits and equipment purchases. The Community Infrastructure Renewal Fund supports community health providers with critical infrastructure upgrades that preserve their facilities and strengthen their ability to deliver front-line care.

Together, these investments will help Community Care Durham maintain and improve its facilities, supporting the organization's continued delivery of programs that promote independence, well-being and quality of life for residents throughout the community. "Our government is making historic investments to protect Ontario's health-care system by ensuring community organizations have the infrastructure they need to deliver high-quality care and support," said Sylvia Jones, Deputy Premier and Minister of Health. "This funding will help Community Care Durham continue providing essential services in a safe and we

FranMac

coming environment."

"The Ontario Trillium Foundation is proud to support projects that strengthen local organizations and help them better serve their communities," said Katharine Bambrick, CEO of the Ontario Trillium Foundation. "Investments like these ensure organizations such as Community Care Durham have the facilities they need to continue making a positive difference in the lives of Ontarians."

"Community Care Durham is deeply grateful to be the recipient of this generous grant. Thanks to this support we can transform our vision of our wellness hub and complete our essential renovations that will serve individuals and families across the Durham Region. By strengthening our facilities and programs today, we can continue helping clients remain safe, independent, and supported wherever they call home for years to come."

- Jennifer Hammond, Interim CEO, Community Care Durham.

- Community Care Durham is receiving \$195,500 through the Ontario Trillium Foundation's Capital grant stream and \$21,599 through the Community Infrastructure Renewal Fund, for a combined provincial investment of \$217,099.
- The Ontario Trillium Foundation is an agency of the Ministry of Tourism, Culture and Gaming that builds healthy and vibrant communities by investing in community-based initiatives across Ontario.
- Through the Community Infrastructure Renewal Fund, Ontario is investing nearly \$15 million to support infrastructure upgrades and repairs at 67 community health service providers across the province.
- Since 2018, the Ontario government has invested more than \$887 million through the Ontario Trillium Foundation in more than 8,000 community projects across the province.
