C	Hard Route NOT ACU Trailbike	G	Easy Route Twinshock
D	Hard Route Twinshock		

SUNDAY 6TH OCTOBER 2024

OFFICIAL PROGRAMME

Hi, and a very warm welcome to the 4th Peaky Boulders LDT.

In line with our policy of keeping things interesting we have added a couple of new groups of sections for you all and a route which will take you through the beautiful Roaches area of Staffordshire, we hope you enjoy the spectacular views.

The route is approximately 50 miles with 32 sections, there is a fuel stop after the first 12 miles. It is **IMPORTANT** that you fill up as there are **no more fuel stations** on the route after that.

All sections have hard and easy routes, and all can be inspected.

Remember that it will be getting dark by 6.30pm so please don't hang around enjoying the views for too long.

Don't forget that we will be running both our Derbyshire Dales LDT at the end of April and the Peaky Boulders LDT at the beginning of October again next year, both will probably be on a Saturday.

As always, a very big **THANK YOU** to all the landowners who have generously allowed us the use of their land, and of course to the **OBSERVERS** without whom the running of our events would not be possible. **THANK YOU.**

Kevin Stannard, Club Chairman
