Commission on Mental Health and Substance Use Disorder

Commission on Mental Health and Substance Use Disorder – August 20, 2024 In-Person Full Commission Meeting - Proposed Subcommittee Recommendations

Children and Youth Subcommittee

Behavioral Health Funding Mechanisms in Schools Workgroup Recommendations

- Provide technical assistance to all districts and encourage participation in the Medicaid in Schools Program
- Continue multi-agency collaboration to efficiently utilize State and Federal resources
- Review and update school-based Medicaid payment methodology for direct services delivered in the school setting

Behavioral Health Outcomes Workgroup Recommendations

- Statewide implementation of the DLA-20 functional assessment tool to identify areas of need and measure progress over the course of care
- State sponsored training program (perhaps the MMA plans) leading to a sustainable train the trainer model
- Recommended increasing the allowable limit of the number of Functional Assessments annually
- Include the DLA-20 in all new state contracts
- Evaluate the DLA-20 for continued relevance every 4 years
- Evaluate the marketplace for newer emerging tools every 2 years

Family Access and Entry Workgroup

- Increase Behavioral Health Integration (BHI) through expansion of the Florida Pediatric Mental Health Collaborative (FPMHC) Behavioral Health Hubs.
- Assess and expand Florida school districts' implementation of school-based behavioral health access through Telehealth.
- Expand and pilot collaborations between state and local funders of behavioral health care services (Managing Entity's, Children's Services Councils) and local and state information and referral services (211, Hope Florida) that develop and implement family-centered Navigation models

Finance and Workforce Subcommittee

Workforce Workgroup

- Establish college mentors for middle- and high-school students interested in the behavioral health field
- Increase the number of students admitted in public and private colleges and universities, and increase faculty instructional positions for the behavioral health field
- Support professional associations to work with undergraduate programs and create practicums with school districts
- Stipends, compensation and/or support for clinical supervisors and/or employers, students, and registered interns
- Local community and statewide incentives to attract and recruit behavioral healthcare professionals
- Conduct a workforce compensation study (conducted by the Florida Center for Behavioral Health Workforce)
- Conduct analysis of health plan panels for mental health and substance use services.

Commission on Mental Health and Substance Use Disorder

- Integrate primary care and behavioral health
- Identify and promote cross-provider learning opportunities that support networking and collaboration across the continuum of care (crisis, inpatient, outpatient, community and institutional)
- Create Behavioral Health Leadership Academy to develop future leaders and provide mentorship.
- Develop graduate-level Behavioral Health Leadership and Management certification program with input from today's leaders

System of Care Subcommittee

Deep-End Services Workgroup

- Develop new care coordination teams that use the Critical Time Intervention (CTI) model for individuals who meet the high utilization threshold
- Increase the number of Florida Assertive Community Treatment teams and Forensic Multi-disciplinary Teams statewide
- Increase Short-term Residential Treatment facility capacity for adults and children
- Increase use of Long Acting Injectables prior to discharge from State Mental Health Treatment Facilities
- Increase capacity for residential level treatment facilities

Individuals With Unique Needs Workgroup

- Increase crisis response teams focused on seniors to divert older adults from deeper end services (e.g., emergency rooms, crisis stabilization units, etc.) and provide follow-up to ensure continued stabilization
- Increase emergency and respite housing options that will provide enough time for evaluation of longer term more appropriate services, including permanent housing options

Skills Based Training

- Develop a comprehensive directory of statewide behavioral health training resources
- Develop a plan to disseminate the statewide behavioral health training resources directory
- Conduct an annual review to update the directory with new resources

Access to Care Subcommittee

Barriers to Utilization Workgroup Recommendations

- Increase awareness and knowledge of Local Behavioral health Systems
- Increase funding to expand capacity of the 988 Suicide and Crisis Lifeline System
- Share Best Practices on the use of de-stigmatizing person-first language and trauma-responsive care to improve patient experience and engagement in treatment

Solutions to Barriers Workgroup Recommendations

- Mass media and advertising campaigns
- Awareness campaign – Direct messaging to individuals and family members
- Circle of influence engagement campaign – Tailored training to empower community involvement

Acute Care Transport workgroup Recommendation

- Continue to evaluate county and circuit transportation plans for best practices

Commission on Mental Health and Substance Use Disorder

Data Analysis Subcommittee

- Create Statewide Coalition – defining key stakeholders
 - Conduct gap analysis to identify expertise needed when identifying key stakeholders for the statewide coalition
- Secure administrative authority and commitment from stakeholders/agencies to establish the state-wide Florida Behavioral Healthcare Data Repository (FBHDR)
- Determine structure of repository (centralized, federated, etc.) as well as protocols for data standardization, security and access
 - Establish FBHDR oversight steering committee that will identify appropriate behavioral health data sources and prioritize analytic direction and initiatives
 - Budget appropriate cost for initiative including fiscal analysis of elements/components of establishing and maintaining repository and possible addition of a qualitative component and analysis
- Implement Pilot between AHCA and DCF or another relevant dataset to create a roadmap for an analytic plan before expanding statewide

DRAFT
