To Whom It May Concern,

Subject: Company Profile and Services Offered

We are pleased to introduce Tinashe Mining and Minerals Zimbabwe, a dynamic and growing company committed to delivering strategic mining services and mineral logistics across Southern Africa.

Our Services Include:

- **Mineral Sourcing:**
We specialize in sourcing high-quality minerals with a focus on Chrome, Titanium, Zircon sand and other strategic commodities. We also supply blended ore such as Chrome – Iron Ore, Titanium – Iron Ore, Zirconium sand – Titanium Ore and more.
- **Mining Joint Venture Partnerships:**
We secure and structure mining JV partnerships through lease agreements with landowners, creating mutually beneficial collaborations for mine development.
- **Chrome Export Facilitation:**
Through our established export agreements, we offer **reduced border processing fees** and expedited export services for chrome shipments, cleared efficiently through Beitbridge into South Africa.
- **Cross-Border Transportation and Logistics:**
We provide seamless transport solutions from South Africa into various parts of Africa, ensuring reliability, safety, and timely delivery.

We are actively inviting interested partners and investors to engage with us. Kindly forward your Memorandum of Understanding (MoU) and Non-Disclosure Agreement (NDA) to initiate negotiations and explore possible synergies.

Should you require further information, please do not hesitate to contact us directly.

Yours faithfully,

Lester Naidoo
Majority Shareholder, CEO & Executive Director
