

History

At Woodend Farm school our history lessons aim to inspire pupils to be curious and creative thinkers who develop a knowledge of local and national history and the history of the wider world. We aim to build an awareness of significant events and individuals in global, British and local history and recognise how things have changed over time. Our history lessons will support children to appreciate the complexity of people's lives, the diversity of societies and the relationships between different groups. Studying History allows children to appreciate the many reasons why people may behave in the way they do, supporting children to develop empathy for others while providing an opportunity to learn from mankind's past mistakes. Our history lessons will incorporate learning about significant events from the past as well as significant people who have shaped the future. Our pupils will have opportunities to explore historic sources of evidence and will be encouraged to make their interpretations of these.
