

# Bins and Recycling

Sustaining the future of the cottage, Pickering, England,  
and the world...

**GENERAL WASTE** - we are a commercial property, not residential, therefore we have the responsibility of removing our waste ethically, through a commercial waste company. We do ask for your support in keeping The Swiss Cottage, Pickering, & our planet tidy by:

- ✦ **Reducing waste where possible in everyday life**
- ✦ **Recycling bottles, plastic, paper and card - Vivis Lane Carpark, Pickering**
- ✦ **Using the bin with a liner in the kitchen for household waste which can not be recycled.**
- ✦ **Empty all inside bins into a bin liner, seal, and place in the blue Brunton bin in the cottage courtyard before leaving.**
- ✦ **COLD ashes from the fire and metal ash container can be emptied into a bin liner and placed in the blue Brunton bin.**

**RECYCLING:** Please take and Recycle your Glass Bottles, cans, and plastics.

- see recycling locations in Pickering overleaf -

**Brunton Commercial Waste Collection is carried out on:**

**Every 2nd WEDNESDAY**

**Our fabulous neighbours at number 13 (Hare House) take the bin round the front each time when they are able. If you see it is empty upon your return, feel free to bring it through the alley to the back again. Alley access between 13 & 14 (The Swiss Cottage).**

**Check for neighbours dog before you pass through - we wouldn't want their dog to escape by mistake.**
