

Dog Information

Please help us to remain a dog welcoming house

Please help us to keep the house dog friendly for years to come by being respectful of our dog house rules. Dogs in a rental property are always a risk to furnishings, carpets and gardens, and therefore need a little more attention.

As part of our pledge to remain dog friendly we have provided for use during your stay:

- Mud Daddy 5L Dog Shower Device: Please wash your dogs paws after dirty walks. Works well on walking boots and children too!
- 2 Fast drying Dog towels: So they don't shake off all over you, or the furniture.
- Dog Bowls for water and food, and dog bed.
- Retractable door gate for the base of the stairs.

Dog House Rules

- No dogs are allowed up the stairs and in upstairs rooms.
- No business in the garden - there are some amazing places to walk round Pickering, but please do bag and bin their poop.
- Dogs are not allowed on the furniture. We have provided a bed for your dogs comfort, or you are obviously able to use your own dog bed for your four legged friend.
